(13) Contract Compensation for John Savage as Head Men’s Baseball Coach, Los Angeles Campus

Approval of the following compensation terms for John Savage as Head Men’s Baseball Coach, Los Angeles campus, 100 percent time. Pending approval by The Regents of the compensation terms that exceed delegated authority, Mr. Savage’s contract, currently effective July 1, 2007 through June 30, 2010, will be effective October 1, 2007, as indicated below.

The campus undertook negotiations with Coach Savage to amend his current contract to retain him in his current position on the Los Angeles campus.

The following terms and conditions are reflected in the new contract and require approval by The Regents for two reasons: 1) the proposal increases
the bonus opportunity more than 15 percent, and 2) the duration of the new contract. Both of these elements exceed the parameters of authority delegated to the campuses for coaches’ salaries.

a. This contract increases the opportunity to earn supplemental compensation from $10,000, to a maximum of $40,000 per annum, as described below:

Performance Bonuses: In the event that Coach Savage or the Baseball team, during the term of this employment contract, accomplishes the following, Coach Savage shall receive supplemental compensation during the contract year in which the accomplishment occurs as follows:

<table>
<thead>
<tr>
<th>Accomplishment</th>
<th>Bonus Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Team wins a NCAA Regional game post-season</td>
<td>$5,000</td>
</tr>
<tr>
<td>Team wins a NCAA Super-Regional game post-season</td>
<td>$10,000</td>
</tr>
<tr>
<td>Team participates in the final game(s) of the College World Series</td>
<td>$10,000</td>
</tr>
<tr>
<td>Team wins a national championship</td>
<td>$15,000</td>
</tr>
</tbody>
</table>

Coach Savage is eligible to receive more than one bonus, for a maximum cumulative bonus of $40,000, for winning a national championship.

b. This contract has been extended to June 30, 2012. It is brought forward for Regental approval as the proposed increases in total income (described above and below), while less than 30 percent annually, exceed, over the duration of the extended contract, the parameters of authority previously delegated by The Regents to the Chancellor.

Additional elements of compensation include:

- Per delegated authority, the annual base salary is increased to $185,000 by combining the previous base salary of $95,000 and the previous talent fee of $50,000 and increasing this total by $40,000.
- Per delegated authority, the annual talent fee is eliminated.
- Per delegated authority and at the discretion of the UCLA Director of Athletics, eligible to receive $70,000 annually for participating in summer camps; in 2006, Coach Savage earned $63,000.
- Per delegated authority, the elements listed in this recommendation are included in a new contract that replaces and extends the current
contract’s length from July 1, 2007-June 30, 2010 to October 1, 2007-June 30, 2012.

- Per policy, eligible for standard Health and Welfare benefits.

The compensation described above shall constitute the University’s total commitment until modified by The Regents and shall supersede all previous oral or written commitments.

iv. The rental shall be $1 per annum.

time contemplated in the lease, the lease shall not be void nor
shall the SPWB be liable for damages, but the rental payment
shall be abated proportionately to the construction cost of the
parts of the facility not yet delivered.

v. In consideration for occupancy during the term of the lease

available at law.

x. The Regents shall be in default if the lease is assigned, sublet,
or transferred without approval of the SPWB; if The Regents

7. **REPORT OF COMMITTEES ON EDUCATIONAL POLICY AND FINANCE**

*Proposition 92 – The February 2008 California Community College Ballot Initiative*

The Committees recommended adoption of the following Statement of Opposition regarding Proposition 92:

**The Regents of the University of California**

**Statement of Opposition to Proposition 92**

The Community College Governance, Funding Stabilization, and Student Fee Reduction Act will be on the February 2008 Presidential Primary Election ballot as Proposition 92. If passed by the voters, it would enact constitutional and statutory provisions to:

- Provide a separate Proposition 98 funding guarantee for the community colleges apart from K-12 education;
- Reduce community college fee levels while limiting future increases; and
- Establish the California Community Colleges in the state constitution and specify the composition of its governing board.

According to the Legislative Analyst’s Office, Proposition 92 “would require the State to spend more for K-14 education than under current law – an average of around $300 million per year” – from 2007-08 through 2009-10.

Proposition 92 would be the latest in a long series of ballot measures that dedicate or “lock up” an ever-greater amount and share of the State’s General Fund. It would restrict the ability of the Legislature and the Governor to set State spending priorities in the annual budget process at a time when the State is expected to face even larger budget deficits.

The provisions of the initiative would be extremely difficult to alter. Changing the funding provisions would require a four-fifths vote of the Legislature. Under the formula in the
initiative, community college fees could very rarely be increased, and, even when they could, a two-thirds vote of the Legislature would also be required.

Proposition 92 requires more State funding and reduces student fees for one segment of higher education without regard to the needs of all of higher education. Since it does not create or identify any new revenue sources, unprotected state programs such as UC and CSU would be competing for a smaller share of available General Funds.

Passage of Proposition 92 could result in a reduction in the University’s State-funded budget, which in turn could result in an erosion of University programs and services. It would limit fee increases for one segment of higher education while potentially increasing pressure to raise fees even further at UC and CSU to make up for unavailable General Funds.

The University of California strongly supports the California Community Colleges. The Community Colleges’ educational mission is vital to educating the people of California, and the University depends on the success of the community college transfer function for nearly a third of its undergraduate students.

However, the Regents of the University of California, mindful of their responsibility for preserving, protecting, and enhancing the excellence of the University and the quality of education it provides, hereby express their opposition to Proposition 92, the Community College Governance, Funding Stabilization, and Student Fee Reduction Act on the February 2008 Presidential Primary ballot.

Upon motion of Regent Marcus, duly seconded, the recommendation of the Committees on Educational Policy and Finance was approved, Regent Allen abstaining.

8. REPORT OF THE COMMITTEES ON FINANCE AND INVESTMENTS

Deletions shown by strikeout, additions shown by underscore

Policy on Conflict of Interest Regarding Assets Managed by the Treasurer, Adopted September 22, 2005, Amended July 19, 2007:

***

The General Counsel is responsible for determining, pursuant to the following procedures, that the Treasurer’s responsibilities for selecting investment managers have been exercised
free of any efforts to influence the Treasurer’s selection by individuals within the Treasurer’s Office, on the Investment Advisory Group, on the Board of Regents, or with oversight responsibility for the performance of the Treasurer’s Office, with a financial interest in the selection, within the meaning of the Political Reform Act. The General Counsel’s Office will promptly provide the Treasurer’s Office with copies of all Statements of Economic Interest (Form 700) for all Regents and Treasurer’s Office employees, as well as any information disclosed by Investment Advisory Group (IAG) members pursuant to the Conflicts provisions of the Policy Establishing the Investment Advisory Group. The Treasurer’s Office will advise the General Counsel’s Office if it is contacted by a Regent, an IAG member, or a designated official in the Treasurer’s Office, in connection with the choice of an outside investment manager, if that outside investment manager is listed on the relevant individual’s disclosure form. The Office of the General Counsel will then determine whether there is any conflict of interest.
