Coach agrees to make herself available to the University for the aforementioned Cal Camp program at times determined by the Director of Intercollegiate Athletics.

h. Tickets: Coach is entitled to receive complimentary tickets to Cal Athletic events as follows:

Home women’s basketball games: ten (10) season tickets
Road women’s basketball games: six (6) each game
Home men’s basketball games: two (2) season tickets
Football: four (4) season tickets.

The value of these tickets for the 2007-08 season is $3,556.

i. Signing Bonus: At the discretion of the Director of Athletics, Head Coach will receive a signing bonus of $5,000 paid as a non-base building lump sum.

This contract is for a revenue sport and as such contains a penalty clause for early termination. In the event Coach terminates her employment prior to the
end of this Employment Contract, Coach shall pay to the University the sum of $100,000. Until such time as renovations are made to the women’s basketball offices and appropriate improvements are made to the condition of the practice flooring, this sum shall be reduced to $50,000.

If the University terminates the contract early without cause, the campus shall continue to pay an amount equal to Coach’s base salary during what would have been the remaining term of the employment contract had it not been terminated. Campus shall also pay Coach a pro-rated portion of her talent fee based upon talent fee services rendered during the contract year in which the termination occurred. The Athletic Director will have the sole discretion to determine the amount of the pro-rated talent fee to be paid.

The compensation provided under this contract is funded exclusively from athletic department revenues (including athletic equipment supplier agreements) and private fundraising. No State or general campus funds are used in this arrangement.

Additional elements of compensation include:

- Per contract, but inconsistent with policy, 20 working days vacation per each 12-month period of the contract. Coach may not have more than 20 working days of accrued vacation leave at any time during the employment contract. When 20 days of accrued vacation is reached, Coach will cease to earn additional vacation leave until accrued vacation balance is less than 20 working days.
- Per contract and consistent with policy, 8 hours of sick leave accrued each month.
- Per contract and consistent with policy, eligible for standard health and welfare benefits.
- Per contract and consistent with practice, one courtesy car. It is understood that this perquisite may be withdrawn by the Director of Intercollegiate Athletics at any time in her sole, exclusive discretion.

The compensation described above shall constitute the University’s total commitment until modified by the Regents and shall supersede all previous oral or written commitments.
O.  **Retention Increase for Daniel G. Guerrero as Director of Intercollegiate Athletics, Los Angeles Campus**

Approval of the following compensation terms in connection with the retention of Daniel G. Guerrero as Director of Intercollegiate Athletics, Los Angeles campus. Pending approval by the Regents of these compensation terms, Mr. Guerrero’s contract, currently effective April 1, 2006 through March 31, 2012, will be superseded by a new contract effective April 1, 2008 through March 31, 2013.

The campus initiated negotiations with Athletic Director Guerrero to amend his current contract in response to external interest on the part of competitive institutions. The following terms and conditions are proposed for the new contract:

1. **Contract Duration**: Replaces the existing contract and establishes the term of the new contract as effective April 1, 2008 to March 31, 2013.

2. **Base Salary**: As a policy exception, increases the annual base salary by 45 percent ($144,400) from $320,600 to $465,000, effective April 1, 2008.

3. **Bonus Compensation**: Decreases the opportunity to earn bonus compensation from $120,000 to $75,000, as follows:

   - Academic achievement up to $25,000
   - Athletic success up to $25,000
   - Goal alignment up to $15,000
   - Discretionary Bonus up to $10,000
   - Total Maximum Bonus Potential $75,000

4. **Annual Increase**: Provides for a 5 percent increase in annual base pay starting April 1, 2009, and in each of the subsequent years of the contract duration in lieu of receipt of a standard merit increase.

5. **Retention Bonus**: Provides for a retention bonus of $750,000 payable at the end of the fifth year of the contract if Director Guerrero completes the five full years of service of the contract. None of this bonus will vest on an interim basis, unless Director Guerrero is terminated without cause by the University, in which case it will vest at the rate of $150,000 per year of his service as Director (or pro-rated accordingly).

6. **Annual Physical Exam**: By exception, provides eligibility for a completely voluntary, comprehensive annual physical examination at a cost not to exceed $3,500 per year, to be paid by department recharge from the Athletic Department to the UCLA School of Medicine’s Comprehensive Health Program. Participation in this physical and or the results of this physical will
not serve as a condition of employment and will comply with all requirements under the Health Insurance Portability and Accountability Act (HIPAA).

Additional elements of compensation include:

- Pursuant to the existing contract, a courtesy vehicle, which will continue in effect under the new contract.
- Per policy, eligible for standard health and welfare benefits.
- Continuation of participation in the Supplemental Home Loan Program (SHLP).
- Other standard provisions of the existing contract will also continue in effect.

The compensation described above shall constitute the University’s total commitment until modified by the Regents and shall supersede all previous oral or written commitments.

P. **Retroactive Approval of Six Actions Reported in the Annual Report on Executive Compensation and One Administrative Error**

Approval of the following corrections:

1. Six corrective actions concerning compensation and personnel actions proposed for the employees as shown on Attachment 1. Three items were identified after the initial review and have been added here. Two items from the original five as reported at the March 2008 Regents meeting have been removed due to the need for additional research and preparation. All of these include corrective actions related to matters identified in the 2007 Annual Report on Executive Compensation for which the Guidelines for resolution in May 2007 (RE-74), as approved by the Regents, have been applied.

2. One corrective action that addresses an error in an interim item approved by the Regents in February 2008 and identified by the campus is being presented for correction and approval.

This item reflects only compensation related to corrective actions recommended for approval.

Committee Chair Lozano reported that the Committee had reviewed and discussed the 16 items presented in the consent agenda. The items contain 35 actions. Of these, 11 actions represent exceptions to policies, with 5 of these being associated with the extension of existing stipends beyond the one year allowed under policy.
Upon motion duly made and seconded, the Committee approved the recommendation and voted to present it to the Board.

4. APPROVAL OF REIMBURSEMENTS FOR CERTAIN INDIVIDUALS FOR EXPENSES RELATED TO FILING CORRECTED W-2 FORMS AS DISCUSSED IN CLOSED SESSION

The Committee recommended that the University reimburse actual interest and penalties, and reasonable tax preparation fees for each of the following individuals, not to exceed $8,000 per person per year (the actual amount will be grossed up to cover taxes). This recommendation is the result of administrative errors in reporting income to the individuals, the University issuing Corrected Wage and Tax Statements (W-2c), and the individuals filing corrected State and federal income tax returns.

- Karl Dorrell (W-2c for three years)
- Dan Guerrero (W-2c for one year)
- Benjamin Howland (W-2c for three years)
- William Martin (W-2c for three years)
- John Savage (W-2c for two years)
- Dewayne Walker (W-2c for one year)

Executive Director Larsen reported that the proposed reimbursements of actual interest and penalties, plus reasonable tax preparation fees for six individuals, are limited to a maximum of $8,000 per person per year, with the actual amount being grossed up to cover taxes. The recommendation is the result of the following three administrative errors in reporting income to the individuals who were identified by an Internal Revenue Service employment tax audit at UCLA:

A. Royalties – The largest amounts relate to Adidas royalty payments. Coaches may receive royalty payments from manufacturers of athletic equipment, in this case Adidas. Adidas pays the campus, and the campus then pays the coaches. The campus’ payments to the coaches were reported by UCLA to the IRS as taxable income, although on a Form 1099-MISC instead of a Form W-2. Regardless of the form, the coaches were legally required to report this income on their tax returns and pay the appropriate tax. The IRS is confirming that the coaches paid tax on these amounts. As a result, UCLA will not pay any penalties and interest related to the royalties, since the amounts were reported to the IRS.

Future action: In the future, royalty payments will be reported on Form W-2, not Form 1099.
B. Courtesy Cars – Coaches are provided courtesy cars through various car dealers as part of their employment contract with UCLA. An external leasing agency was used to provide the valuation of the vehicles for tax reporting purposes. The leasing company used by UCLA incorrectly calculated the taxable value of the coaches’ personal use of the cars that were loaned to the coaches. UCLA has amended the Form W-2 for the proper taxable value and will reimburse the coaches for accounting fees related to amending their tax returns and if any penalties and interest are assessed by the IRS related to these amounts.

Future action: The taxable value of cars will be calculated by UCLA, consistent with other executive automobiles, not by a third-party leasing company.

C. Spouse Travel – These expenses relate to spouses and children who attended a UCLA bowl game in 2004. The travel did not comply with UC policy regarding a substantive business purpose, even though the NCAA provided funding for the families to attend the game. As a result, the spousal travel costs should have been reported on the coaches’ Form W-2 as taxable income. UCLA will reimburse the coaches for any penalties and interest related to these amounts.

Future action: Spouse travel will not be reimbursed unless there is a substantial business purpose for the travel or will be reported as taxable income on the coaches’ W-2s.

As a result of these adjustments, UCLA has issued corrected Wage and Tax Statements (W-2c), and the individuals will be filing corrected State and federal income tax returns.

Upon motion duly made and seconded, the Committee approved the recommendation and voted to present it to the Board.

5. APPROVAL OF EXCEPTIONS TO RETIREE HEALTHCARE PROGRAM AND UNIVERSITY OF CALIFORNIA RETIREMENT PLAN IN CONNECTION WITH SETTLEMENT FOR FORMER PROGRAM SUPERVISOR, ADMINISTRATIVE SERVICES, LAWRENCE BERKELEY NATIONAL LABORATORY AS DISCUSSED IN CLOSED SESSION

The Committee recommended that, as an exception to policy, 2.8452 years of service credit be awarded to Nancy M. Sallee for the purposes of calculating Ms. Sallee’s benefit under the University of California Retirement Plan (UCRP), determining her eligibility for retiree healthcare benefits, and determining the amount of the University contribution toward the cost of Ms. Sallee’s retiree healthcare benefits, in connection with a proposed settlement agreement that will apply prospectively.

[Background material was mailed to Regents in advance of the meeting, and copies are on file in the Office of the Secretary and Chief of Staff.]
Committee Chair Lozano noted that the Office of General Counsel reviewed and concurred with this exception to the service crediting rules of UCRP and the eligibility rules of the retiree healthcare program.

Upon motion duly made and seconded, the Committee approved the recommendation and voted to present it to the Board.

6. AUTHORIZATION TO AMEND UNIVERSITY OF CALIFORNIA RETIREMENT PLANS TO FACILITATE THE IMPLEMENTATION OF A NEW STAFF AND ACADEMIC REDUCTION IN TIME (START) PROGRAM AND TO FACILITATE THE DISTRIBUTION OF SMALL ACCOUNTS

The President recommended that:

A. Authority be delegated to the Associate Vice President, Human Resources and Benefits, to amend University of California Retirement Plan as necessary to facilitate the implementation of a Staff and Academic Reduction in Time (START) program as described in Attachment 2, effective from July 1, 2008 through June 30, 2010.

B. Authority be delegated to the Associate Vice President, Human Resources and Benefits to amend the DC Plan and the 403(b) Plan to facilitate the automatic rollover of certain mandatory distributions of small accounts to Individual Retirement Accounts (IRAs) in the absence of participant direction.

[Background material was mailed to Regents in advance of the meeting, and copies are on file in the Office of the Secretary and Chief of Staff.]

Associate Vice President Boyette noted that the item proposes two amendments to the University’s retirement program. The first is to implement a START program for two years with the intent to achieve temporary salary savings to address current budget constraints through the voluntary reduction of employees’ appointment percentage and corresponding pay. As an incentive to elect reduced time and pay, employees would retain sick leave and retirement plan service credit at their pre-START rate, provided they work at least 50 percent time. Participation in the START program for represented employees would be dependent upon agreement with the applicable union. The plan’s actuary, The Segal Company, has indicated that there would be no additional cost to the retirement plan because the program would not create projected benefits for current members greater than those already anticipated in funding calculations. Based on consultation with the Academic Senate, it is proposed that if contributions were to resume while the program was in effect, campus contributions on behalf of participants would be required to result in this program’s being cost neutral to the retirement plan, as recommended by the Academic Council.

Ms. Boyette commented that the second proposal is to amend the University’s retirement savings plans to provide for mandatory distributions of small accounts, in accordance with
Internal Revenue code requirements. The University’s plans require that participants take a distribution of their accounts if they leave UC employment and the balance is less than $2,000. Because UC employs over 50,000 students each year, there is a proportionately large number of participants who leave employment with small balances, and they are often difficult to find. A special effort has been made to find them so that IRA rollovers will need to be done only to the extent absolutely necessary. The number has been reduced from over 400,000 to about 23,000 lost participants. Of the remaining small accounts, about 2,500 have balances over $1,000 that now need to be rolled over into IRAs. A competitive bid process has resulted in the selection of Union Bank to establish the necessary IRAs.

Noting that the START program would degrade the retirement plan financially because fewer dollars will be coming in, Regent Bugay expressed concern about the ability to meet future obligations. With respect to the mandatory rollover program, he noted that there are administrative cost savings to be realized, and he asked whether other opportunities were considered to garner additional benefits at different levels. Ms. Boyette responded that the University’s cost of internally administering the program is significantly less than if an outside administrator were retained. The IRS requires the use of an outside administrator if small accounts are distributed. Analyses showed that the $2,000 level was the break-even point that would result in avoiding the external costs.

Upon motion duly made and seconded, the Committee approved the recommendation and voted to present it to the Board.

The meeting adjourned at 11:10 a.m.
