

THE REGENTS OF THE UNIVERSITY OF CALIFORNIA

May 20, 2010

The Regents of the University of California met on the above date at UCSF–Mission Bay Community Center, San Francisco.

In attendance: Regents-designate Cheng, DeFreece, and Hime, Faculty Representatives Powell and Simmons, Secretary and Chief of Staff Griffiths, Associate Secretary Shaw, General Counsel Robinson, Chief Investment Officer Berggren, Chief Compliance and Audit Officer Vacca, Provost Pitts, Executive Vice Presidents Brostrom, Darling, and Taylor, Senior Vice Presidents Dooley and Stobo, Vice Presidents Beckwith and Duckett, Chancellors Block, Blumenthal, Desmond-Hellmann, Drake, Kang, Katehi, White, and Yang, Laboratory Director Miller, and Recording Secretary Johns

The meeting convened at 10:35 a.m. with Chairman Gould presiding.

1. APPROVAL OF MINUTES OF PREVIOUS MEETING

Upon motion duly made and seconded, the minutes of the meetings of March 24 and 25 and the meetings of the Committee of the Whole of March 24 and 25, 2010 were approved.

2. REPORT OF THE PRESIDENT

President Yudof presented his report concerning University activities and individuals. Rae Armantrout, professor in the Department of Literature at UC San Diego, considered one of the best poets of her generation, has received the 2010 Pulitzer Prize for poetry for her tenth collection of poems, entitled “Versed.” Twenty-two scientists and engineers from eight UC campuses and the Lawrence Berkeley National Laboratory were recently named to the National Academy of Sciences. The Academy acts as an official science and technology advisor to the federal government, and election to the Academy is an exceptional honor accorded to very few individuals. An impressive 30 percent of those elected this year came from UC. The University dominated the election with nearly twice as many new members as all other public universities in the U.S. combined. Sixteen UC faculty members have been named 2010 fellows by the John Simon Guggenheim Memorial Foundation. They are among 180 recipients of the annual fellowships awarded for achievement and exceptional promise. Five faculty members have been elected to the American Philosophical Society. Election to the Society honors extraordinary accomplishments in all fields. Twenty-nine UC-affiliated fellows, including Chancellors Desmond-Hellmann and Block, have been elected to the American Academy of Arts and

Sciences in recognition of their contributions to their field and to society. President Yudof congratulated all of these distinguished individuals.

[The report was mailed to Regents in advance of the meeting, and a copy is on file in the Office of the Secretary and Chief of Staff.]

Regent Stovitz has had a long and distinguished career as a State Bar judge, serving the legal profession in many capacities. The Regents have been fortunate to have the benefit of Regent Stovitz's judicious insights.

WHEREAS, she sponsored and developed systemwide initiatives to achieve cost savings by drawing upon the University's unusual breadth of scale, including the Strategic Sourcing initiative for purchasing, a systemwide travel initiative, a reorganization of risk services functions, and the introduction of cost avoidance initiatives in the area of risk services that will save the campuses of the University more than \$100 million in costs this year; and

WHEREAS, she assumed responsibility for external financing and improved the University's relationships with the financial community, including with investors and rating agencies;

NOW, THEREFORE, BE IT RESOLVED that the Regents of the University of California express to Anne Broome their deep gratitude and warmest appreciation for her leadership in modernizing the financial processes of the University and incorporating institutional best practices into its operations, doing so all the while with good humor, unvarnished candor, and abiding concern for the well-being of the University and the people it serves;

7. **REPORT OF THE COMMITTEE ON COMPENSATION**

The Committee presented the following from its meeting of May 20, 2010:

A. *Individual Compensation Actions*

- (1) *Term Appointment Compensation for Donald J. DePaolo as Acting Associate Laboratory Director, Energy and Environmental Sciences, Lawrence Berkeley National Laboratory*

Background to Recommendation

Laboratory Director Alivisatos requested approval to appoint Donald J. DePaolo as Acting Associate Laboratory Director to be effective June 1, 2010 for a 12-month period to help fill the void resulting from the departure of Associate Laboratory Director Majumdar after he was nominated by President Obama to be the first Director of the U.S. Department of Energy's (DOE) Advanced Research Projects Agency – Energy.

Reporting directly to the Laboratory Director, the Acting Associate Laboratory Director is one of several key leadership positions on the management team at the Laboratory. The wide-ranging responsibilities for this position include:

- coordinating activity across organizational lines at the Laboratory in spearheading new, large-scale scientific initiatives;
- assisting the Laboratory Director and Deputy Director in strategic planning exercises;
- serving as an exemplar of the Laboratory's culture of excellence in safety and in science;
- facilitating multidisciplinary collaboration within the Laboratory and across the broader research community;
- helping to raise the public profile of the Berkeley Laboratory and the Department of Energy's National Laboratory system; and,
- representing the Laboratory before senior program officials in the Department of Energy's Office of Science.

The compensation for this position is funded entirely by Department of Energy funds under the University's contract with the DOE. No State funds are involved.

Because of the significant additional duties Mr. DePaolo has assumed as the Scientific Division Director – Faculty, Earth Sciences Division and now as the Acting Associate Laboratory Director, the Laboratory requested an administrative stipend totaling 21.1 percent (\$55,420) of his annualized faculty base salary, resulting in total cash compensation of \$318,220. Since the total stipend exceeds the 15 percent maximum permitted by Laboratory policy, this is an exception to policy.

Recommendation

The Committee recommended approval of the following items in connection with the term appointment of Donald J. DePaolo as Acting Associate Laboratory Director, Energy and Environmental Sciences, Lawrence Berkeley National Laboratory:

- a. Term appointment salary of \$318,220, which includes an academic annual salary of \$197,100, summer salary of \$65,700, and an administrative stipend of \$55,420 (Grade N17: Minimum \$268,260, Midpoint \$344,646, Maximum \$421,032). This represents an exception to policy because the administrative stipend exceeds the 15 percent maximum permitted by Laboratory policy.
- b. The stipend component of salary will be in effect for up to 12 months from the date of Mr. DePaolo's acting appointment and will be recalculated if the annualized base salary is increased, so the stipend will continue to equal 21.1 percent of the annualized base salary.
- c. This appointment is at 100 percent time and is effective June 1, 2010 for up to 12 months.

- (4) *Title Change and Total Compensation for Barbara J. French as Vice Chancellor – Strategic Communications and University Relations, San Francisco Campus*

Background to Recommendation

The San Francisco campus requested approval for a title change and total compensation for Associate Vice Chancellor – University Relations Barbara J. French to Vice Chancellor – Strategic Communications and University Relations. There is no salary increase included in this action. This action includes a change in personnel program from Management and Senior Professional (MSP) to the Senior Management Group with continued SLCG grading at Grade 108 and no change to current base compensation of \$251,900 annually, effective upon Regental approval.

The scope of Ms. French's responsibilities has expanded significantly due to the elimination of the position of Senior Vice Chancellor – University Advancement and Planning, to which she formerly reported. With the elimination of this position and related reorganization, UCSF expects to save approximately \$500,000 annually. In this new role, Ms. French now reports directly to the Chancellor and has become the UCSF leader with full responsibility for comprehensive, integrated campus and medical center strategic communications, advocacy, and government and community relations. Ms. French is expected to drive public awareness initiatives aimed at keeping all stakeholders informed of developments at UCSF, which is the second largest employer in San Francisco and has significant capital projects under way. Strengthening of UCSF's strategic communication and advocacy efforts is one of the Chancellor's top priorities and, in support of this critical goal, Ms. French assumes the following additional major leadership responsibilities:

Strategic Communications:

In this role Ms. French will support the Chancellor and the entire UCSF senior leadership team, both campus and Medical Center, in communications to advance leadership's strategic priorities both within the University community and with external constituencies, including community residents and organizations, donors, and political leaders. This responsibility includes all aspects of strategic communications including, but not limited to, the following: participating in senior policy decision making, building alliance networks with key stakeholders and business segments, creating a viable internal communications pipeline to insure all key priorities and strategies are fully vetted and understood by internal senior leadership, developing content and messaging strategy, and incorporating state-of-the-art communications and new media platforms into the communications network.

Advocacy:

In this role Ms. French will assume a leadership role, in collaboration with the Senior Vice Chancellor – Finance and Administration and/or Vice Chancellor – Development and Alumni Relations, when appropriate, to identify, nurture, and capitalize on key relationships with community members, politicians, and donors. Ms. French will also oversee the expansion and maintenance of strategic relationships and implementation of action plans with federal, State, and local government relations officers throughout UCSF and the University of California system. This advocacy responsibility encompasses critical interactions with influential individuals on a wide range of topics (e.g., potential real estate transactions involving key donors to proposed city-based health programs that affect UCSF and the surrounding community).

The campus indicated that, given an examination of external market data and comparator positions across the University system, Ms. French's current annual base salary of \$251,900 reflects an appropriate alignment in consideration of the responsibilities assigned to the position. However, the responsibilities reflect classification in the Senior Management Group. The base salary for this position is funded through State funds. The position remains slotted at SLCG Grade 108.

Recommendation

The Committee recommended approval of the following items in connection with the title and personnel program change for Barbara J. French as Vice Chancellor – Strategic Communications and University Relations, San Francisco campus:

- a. Title change from Associate Vice Chancellor – University Relations to Vice Chancellor – Strategic Communications and University Relations, at 100 percent time.
- b. Personnel program change from Management and Senior Professional (MSP) Grade VIII to the Senior Management Group.
- c. Per policy, a five percent monthly contribution to the Senior Management Supplemental Benefit Program (\$12,595).
- d. Effective following approval by the Regents.

Recommended Compensation**Effective Date:** Upon Regental approval**Base Salary:** \$251,900**Grade Level:** SLCG Grade 108:

Minimum \$192,300, Midpoint \$244,900, Maximum \$297,400

Median Market Data: No match**Funding Source:** State funds**Budget &/or Prior Incumbent Data****Title:** No Prior Incumbent**Base Salary:** n/a**Funding Source:** n/a

Additional items of compensation include:

- Per policy, standard pension and health and welfare benefits and standard senior management benefits (including senior management life insurance, executive business travel insurance, and executive salary continuation for disability).
- Per policy, continued appointment salary of \$251,900, representing a zero percent increase in Ms. French's current salary.
- Continued slotting at SLCG Grade 108 (Minimum \$192,300, Midpoint \$244,900, Maximum \$297,400).
- This position is subject to the salary reduction/furlough plan effective September 1, 2009 through August 31, 2010, with a ten percent salary reduction.

The compensation described above shall constitute the University's total commitment until modified by the Regents and shall supersede all previous oral and written commitments. Compensation recommendations and final actions will be released to the public as required in accordance with the standard procedures of the Board of Regents.

- (5) *Term Appointment for Eric Vermillion as Associate Vice Chancellor – Finance, San Francisco Campus*

Background to Recommendation

As the result of a reorganization of Financial and Administrative Services (FAS) at the San Francisco campus, three departments (Planning, Real Estate, and Capital Projects) formerly managed by two separate senior vice chancellors now report directly to Senior Vice Chancellor Plotts, as well as three other direct reports (Human Resources, Program Management Office, and Police Department) formerly reporting to the Associate Vice Chancellor – Administration. In addition, a new Sustainability position will report to Mr. Plotts. While these organizational changes have been implemented, the reporting relationship of the Controller's Office continues to be assigned to Associate Vice Chancellor – Finance Eric Vermillion, who is currently serving in this role as approved by the Regents on July 17, 2008, with a subsequent approval in May 2009 for an extension through May 31, 2010, at an annual base salary of \$298,313 for the duration of this term appointment. Final organizational placement of the Controller's Office remains under consideration.

UCSF requested approval of a term appointment effective June 1, 2010 through June 30, 2011, or until a permanent organizational structure is implemented, whichever occurs first, with current annual compensation continuing. The terms and conditions, including compensation, of Mr. Vermillion's temporary assignment remain unchanged; this is merely an extension of time to accommodate the restructuring.

The base salary for this position is funded through non-State funds.

Recommendation

The Committee recommended approval of the following items in connection with the appointment of Eric Vermillion as Associate Vice Chancellor – Finance, San Francisco campus:

- a. As an exception to policy, a term appointment effective June 1, 2010 through June 30, 2011, or until a permanent organizational structure is implemented, whichever occurs first, and including up to a three-month overlap in service for transition of duties. B. *Transfer of Faculty Administrator Titles Other than Deans from the Senior Management Group Program to Academic Personnel*

Background to Recommendation

This item requested approval of an action corollary to the Regents' action item approved at the November 2009 meeting to return deans from governance under the Senior Management Group (SMG) Program to governance under the Academic Personnel (AP) Program. This project is a continuation of the work to transfer from SMG those positions defined as "academic" rather than "administrative" and provided for a technical correction to the record to allow such transfer of these other faculty administrator titles.

To conclude this project, the Provost proposed two new policies, APM-241, Faculty Administrators (positions at less than 100 percent time), and APM-246, Faculty Administrators (100 percent time). These newly proposed policies are undergoing UC systemwide review. It is anticipated that the policies, along with a group of other APM policies proposed for technical correction, will be issued effective July 1, 2010.

Recommendation

The Committee recommended that, effective July 1, 2010, the Regents approve the removal of the following faculty administrator titles from SMG and that they will be included on Academic Affairs Reports, and excluded from SMG Reports: Vice Provost; Associate Vice Provost; Provost of ____ College; Associate Dean; Associate Vice Chancellor (Santa Barbara Academic Personnel and Academic Programs). Vice Provosts and Associate Vice Provosts at the Office of the President will not be affected by this action; only positions located on campuses are to be removed from the SMG.

The following additional provisions shall apply:

- Reporting to the Regents on faculty administrator salaries will consist of an Annual Summary Report, provided in the same format as the Deans

Annual Summary Report, with the same compensation information. This report will accompany the Annual Summary Report for Deans, to be submitted to the Regents each year.

- Any actions approved that are exceptions to policy will be reported by mail between meetings to the Regents. The report will be presented in the same format, and at the same time, as the Deans Bi-Monthly Transaction Report.
- Positions to be transferred from SMG to Academic Personnel, other than those noted below, will be discussed with the chair of the Regents' Committee on Compensation prior to the transfer to Academic Personnel and reported to the Regents by mail between meetings.

(6) *Appointment Compensation Amendment for G. Richard Olds as Vice Chancellor – Health Affairs and Dean – School of Medicine, Riverside Campus*

Background to Recommendation

Action under interim authority was requested to amend the previously approved appointment compensation for Dr. G. Richard Olds. The Riverside campus hired Dr. Olds as Vice Chancellor – Health Affairs and Dean – School of Medicine effective February 1, 2010. Due to a clerical error made by the campus in the October 26, 2009 Interim Regents' Item for Dr. Olds, the campus would like to amend the previously approved compensation package to include a \$3,000 per month temporary cash allowance for a period of 90 days to offset limited housing-related expenses instead of reimbursement of \$3,000 per month associated with temporary living expenses for a period of 90 days. If Dr. Olds leaves the University prior to the completion of one year of service, or accepts an appointment at another University location within 12 months from his initial date of appointment, he will be required to pay back 100 percent of the temporary cash allowance. The campus reports that Dr. Olds' early arrival to the Riverside campus on February 1, 2010 was at the request of the Chancellor in order to maintain the momentum of the development of the School of Medicine.

Recommendation

The following amendment was approved in connection with the appointment of and compensation for G. Richard Olds as Vice Chancellor – Health Affairs and Dean – School of Medicine, Riverside campus:

Per policy, a temporary cash allowance of \$3,000 per month for a period of 90 days to offset limited housing-related expenses. If Dr. Olds leaves the University prior to the completion of one year of service, or accepts an appointment at another University location within 12 months from his initial date of appointment, he will be required to pay back 100 percent of the temporary cash allowance.

Additional items already approved on October 26, 2009 include:

- Establishment of a new position within the Senior Management Group, Vice Chancellor – Health Affairs and Dean – School of Medicine, Riverside Campus.
- Interim slotting of the new position of Vice Chancellor – Health Affairs and Dean – School of Medicine at SLCG Grade 113

(Minimum 333,900, Midpoint \$431,500, Maximum \$529,100), as recommended by Mercer Human Resource Consulting.

- Per policy, an appointment salary of \$525,000, SLCG Grade 113 (Minimum 333,900, Midpoint \$431,500, Maximum \$529,100). This base represents an 8.6 percent decrease from Dr. Olds' base salary at the time of his appointment.
- As an exception to policy, annual performance-based incentive compensation up to \$100,000. This constitutes an exception to policy because there is currently no approved incentive plan at the campus for such an incentive. This compensation will be in lieu of a Health Sciences Compensation Plan (HSCP) which does not yet exist at the Riverside campus. Once an HSCP is established this component of compensation will be shifted to that plan.
- This appointment is at 100 percent time and effective no later than February 1, 2010.
- ~~Per policy, reimbursement of \$3,000 per month associated with temporary living expenses for a period of 90 days.~~
- Per policy, two house-hunting round trip coach class airfare trips each, plus reasonable accommodations to take place between approval of the appointment and the effective date of employment, for Dr. Olds and his spouse.
- Per policy, 100 percent reimbursement of actual and reasonable relocation expenses, to be completed within one year of assuming the position of Vice Chancellor – Health Affairs and Dean – School of Medicine.
- Per policy, reimbursement of reasonable travel expenses for all business-related visits to the campus during transition period from the time the appointment is approved by the Regents and the effective start date of no later than February 1, 2010.
- Per policy, a relocation allowance of 25 percent (\$131,250) of base salary, to be paid in a lump sum. If Dr. Olds leaves the University prior to the completion of five consecutive years of service, he will have to pay back the amount of the allowance, prorated to the length of time he has served.
- Per policy, participation in the University of California Home Loan Programs.
- Per policy, standard pension and health and welfare benefits and standard senior management benefits (including senior management life insurance, executive business travel insurance, and executive salary continuation for disability).
- Per policy, accrual of sabbatical credits as a member of tenured faculty.
- Per policy, ineligible to participate in the Senior Management Supplemental Benefit Program due to tenured faculty appointment.

The compensation described above shall constitute the University's total commitment until modified by the Regents and shall supersede all previous oral or written commitments. Compensation recommendations and final actions will be released to the public as required in accordance with the standard procedures of the Board of Regents.

(7) ***Promotional Appointment of and Compensation for Christopher M. Patti as Chief Campus Counsel, Berkeley Campus***

Background to Recommendation

Action under interim authority was requested for the approval of the promotional appointment of and compensation for Christopher M. Patti as Chief Campus Counsel, Berkeley campus, effective May 8, 2010, with an annual base salary of \$240,000. In this capacity, Mr. Patti will assist the Chancellor and the General Counsel by providing advice and counsel on highly complex legal matters or problems involving the Berkeley campus; leading administrative and/or management initiatives; advising and rendering opinions to the Berkeley Chancellor and senior management with respect to the legal implications of establishing or changing policy; and working with representatives of campus units on developing and modifying practices and procedures to conform with legal requirements.

This urgent request was in response to the retirement of the previous incumbent, effective July 1, 2009. He brings over 20 years of UC experience to this position and his areas of specialization are critical to campus legal operations. Mr. Patti's wealth of management and legal experience will be invaluable as the campus works to redefine the Office of Legal Affairs.

This position is funded 100 percent by UC General Funds provided by the State. The proposed base salary of \$240,000 is about 2.0 percent below the midpoint of SLCG Grade 108 (Minimum \$192,300, Midpoint \$244,900, Maximum \$297,400) and 12.6 percent above the average base salary of \$213,716 for other chief campus counsels at other UC locations. The proposed base salary is appropriate in the context of other chief campus counsels that received salary increases as part of the Phase II proposal of the slotting structure for attorney positions in the Office of the General Counsel approved by the Regents at the March 2008 meeting. Market data indicate a median base salary of \$233,628. The requested base salary is 2.7 percent above that market rate. The proposed salary will be reduced by

(8) ***Interim Slotting of a New Senior Management Group Position – Vice Chancellor – Development, Davis Campus***

Background to Recommendation

Action under interim authority was requested for approval of interim slotting of a new Senior Management Group position as Vice Chancellor – Development, at the Davis campus. Interim action was requested to allow the campus and the executive search firm to begin advertising the position this spring and start formal discussion with possible candidates as soon as possible. This search has an ambitious timeline that is driven by the need to quickly succeed in the campus' current campaign and move beyond it to another, larger, fundraising effort.

The Davis campus launched its first major “comprehensive campaign” in 2005. This first comprehensive campaign is a critical step in an era where private support is vital to maintaining excellence and State support is a dwindling proportion of revenue. An aggressive and focused campaign will increase much-needed private support for the Davis campus. It is a critical investment in the future and in the second century for UC Davis. It would be a great advantage for the campus' development prospects if it could conclude the search and have cabinet-level leadership in place by the time it announces the public phase of the UC Davis comprehensive campaign in October.

The campaign is set to enter its public phase with a goal of raising over \$1 billion by 2014. The UC Davis campus intends to earmark funds raised through the campaign for graduate student fellowships, undergraduate scholarships, and endowed professorships, and there will also be support for major cross-disciplinary initiatives. The campaign also will raise money for research and infrastructure that would come from no other source. For this reason, the campus needs a dedicated Vice Chancellor – Development. The Vice Chancellor – Development will function as the campus' chief fundraising officer and will be responsible for designing and directing a comprehensive and dynamic development program for a world-renowned University. The incumbent will also serve as the President of the UC Davis Foundation.

The Vice Chancellor – Development position will report directly to the Chancellor and oversee a staff of 75 directly and through subordinates. The campus currently has a total of five Vice Chancellor positions. The

Vice Chancellor – Development position will replace the eliminated Vice Chancellor – Office of the Administration position.

This position is 100 percent funded from gift fee revenue. The proposed slotting at SLCG Grade 110 is supported by Mercer Human Resource Consulting, which reported a market median of \$312,300. There will be no associated salary action at this time.

Recommendation

The following items were approved in connection with the interim slotting of a new Senior Management Group position – Vice Chancellor – Development, Davis campus:

- a. Establishment of the new Senior Management Group position of Vice Chancellor – Development, Davis campus.
- b. Interim slotting at SLCG Grade 110 (Minimum \$239,700, Midpoint \$307,200, Maximum \$374,500).
- c. Per policy, this position is subject to the salary reduction/furlough plan effective September 1, 2009 through August 31, 2010, with a ten percent salary reduction.

This recommendation and final action will be released to the public as required in accordance with the standard procedures of the Board of Regents.

- (9) ***Promotional Appointment of and Total Compensation for Peggy Arrivas as Associate Vice President and Systemwide Controller, Office of the President***

Background to Recommendation

When the current Vice President of Finance at the University of California Office of the President retires in June 2010, the position will not be replaced, resulting in annual salary savings of approximately \$305,000. Some of the functions that have been performed by the Vice President of Finance will transfer to Peggy Arrivas, whom the Chief Financial Officer proposes to promote to a new position, Associate Vice President and Systemwide Controller. The Associate Vice President and Systemwide Controller position replaces the previous Assistant Vice President – Financial Management position held by John Plotts, who has transferred to another position on the San Francisco campus.
