   For discussion see Item 3 below.
Upon motion duly made and seconded, the Committee approved the Chief Investment Officer’s and the President’s recommendation and voted to present it to the Board.

3. ADOPTION OF EXPENDITURE RATE FOR TOTAL RETURN INVESTMENT POOL

The Chief Investment Officer recommended and Mercer Investment Consulting concurred that the expenditure rate (payout rate) for the Total Return Investment Pool for the fiscal year 2010-11 be set at a maximum of six percent.

Regent Zettel complimented the Office of the Treasurer for using best practices by adopting the disclosure policy regarding use of placements agents even though it was not legally required to do so.

Regent Zettel asked if the Office of the Treasurer viewed the six percent payout rate for the Total Return Investment Pool (TRIP) as realistic in view of current economic conditions. Chief Investment Officer Berggren stated that the six percent payout rate is based on the long-term total return target. She noted that the TRIP portfolio is structured with a high percentage of non-equity investments and the fund’s asset allocation was developed in light of a worst-case environment, meaning the worst five percent of economic scenarios that have occurred since the Great Depression. She stated that her office is confident that a six percent payout rate can be attained. She added that, even in a very bad year, the TRIP has been able to generate a two to three percent return.

Upon motion duly made and seconded, the Committee approved the Chief Investment Officer’s recommendation and voted to present it to the Board.

The meeting adjourned at 11:35 a.m.
