

Office of the President

TO MEMBERS OF THE COMMITTEE ON LONG RANGE PLANNING:

DISCUSSION ITEM

For Meeting of March 18, 2015

UPDATE ON THE SELECT ADVISORY COMMITTEE ON THE COST STRUCTURE OF THE UNIVERSITY

At the January 2015 meeting, the Board voted to establish a Select Advisory Committee on the Cost Structure of the University, charged with developing and evaluating proposals to reduce the University's cost structure while improving access, quality, and outcomes. The Select Advisory Committee has held two meetings, in late January and late February. These meetings included experts from both within and outside the University and produced wide-ranging discussion. President Napolitano and Governor Brown will provide an update on the Select Advisory Committee's work.
