(a) Some schools have opted to set PDST levels for nonresident students lower than those for resident students in the same program in acknowledgement of the \$12,245 in Nonresident Supplemental Tuition that nonresident students must pay in addition to mandatory systemwide charges and PDST. Total charges for nonresident students continue to be above those for resident students.

(b) Total charges are expected to exceed the total tuition and/or fees charged by public comparison programs.

(c) Pending Presidential approval of a reduction in the Environmental Design PDST for 2012-13 to \$6,000.

(d) Although the campus seeks to offer the program in Fall 2013, systemwide approval of this new program has not yet been granted. Regental approval of this PDST would not pre-condition systemwide program approval.

(e) Although Davis Medicine was not able to bill the full amount of the 2012-13 PDST level approved by the Regents, the Regents' approval of the PDST increase shown above would bring the 2013-14 PDST level in line with the PDST levels at UC's other Medicine programs.

(f) There are no comparable public programs for Theater, Film, and Television at Los Angeles.

Note: Red type indicates PDST increases above 6%.

(a) Some schools have opted to set PDST levels for nonresident students lower than those for resident students in the same program in acknowledgement of the \$12,245 in Nonresident Supplemental Tuition that nonresident students must pay in addition to mandatory systemwide charges and PDST. Total charges for nonresident students continue to be above those for resident students.

(b) 2013-14 represents year three of the program's multi-year plan; thus PDST levels are unavailable for 2014-15 and 2015-16.

(c) 2013-14 and 2014-15 represent years two and three, respectively, of the program's multi-year plan; thus PDST levels are unavailable for 2015-16.

(d) Pending Presidential approval of a reduction in the Environmental Design PDST for 2012-13 to \$6,000.

(e) Although Davis Medicine was not able to bill the full amount of the 2012-13 PDST level approved by the Regents, the Regents' approval of the PDST increase shown in Attachment 1 would bring the 2013-14 PDST level in line with the PDST levels at UC's other Medicine programs.
