Audit objectives

Our primary objectives are to:

- Perform audits in accordance with auditing standards generally accepted in the United States of America and, as applicable, Government Auditing Standards (GAGAS), to obtain reasonable assurance the financial statements are prepared in accordance with accounting principles generally accepted in the United States of America and are free from material misstatement whether caused by error or fraud,
- Render opinions on the financial statements as of June 30, 2023 and for the year then ending, and
- Perform an audit of the University's compliance with federal award requirements in accordance with OMB Uniform Guidance.

Our audits do not relieve management of its responsibilities with regard to the financial statements.

An audit of financial statements includes obtaining an understanding of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting.

Accordingly, this Audit Plan is not focused on the specifics of these entities. However, to the extent audit matters arise from those locations that warrant the attention of the Committee, we will ensure those matters are communicated.
