Background to Recommendation

The President of the University recommends that the Regents approve the appointment of and compensation for Claire Holmes as Senior Vice President – External Relations and Communications, Office of the President, effective on or about September 28, 2018, using the Senior Management Group (SMG) position of Senior Vice President – External Relations and the corresponding Market Reference Zone (MRZ) which was approved by the Regents in March 2018. As this is a Level One position in the SMG, this action requires the Regents’ approval.

Following a nationwide open recruitment, Ms. Holmes emerged as the top candidate for this role. The President proposes a base salary of $360,000, which is 2.2 percent above the 60th percentile ($352,300) and 8.4 percent below the 75th percentile ($392,800) of the MRZ for this position. Ms. Holmes is currently in this role as an interim appointee, and there is no previous career incumbent for this position. The proposed base salary is 12.5 percent over Ms. Holmes’ salary as Interim Senior Vice President – External Relations and Communications of $320,000.
The proposed base salary is consistent with Regents Policy 7701, Senior Management Group Appointment and Compensation, and reflects an appropriate placement within the MRZ for this position, taking into account the scope of responsibilities as well as Ms. Holmes’s depth and breadth of experience and skill set.

Reporting directly to the President of the University, the Senior Vice President – External Relations and Communications (SVP) is responsible for developing, integrating, and executing successful public relations, governmental relations, and media relations strategies that support the research, education, and public service missions of the University of California campuses, academic medical centers, and UC-affiliated National Laboratories.

The SVP works with other senior University leaders to cultivate and strengthen relationships with State and federal government legislators and agencies, and with alumni, donors, campuses, Regents, and other internal and external audiences. The SVP also monitors issues and areas that affect higher educational institutions and oversees teams that monitor and advocate for State and federal legislative proposals that may affect the University.

Ms. Holmes has been a leader in communications and public affairs in the UC system for ten years. Ms. Holmes joined the Office of the President in March 2017 as the Interim Senior Vice President – Public Affairs. In July 2018, Ms. Holmes was appointed as the Interim Senior Vice President – External Relations and Communications, which combines the executive responsibilities overseeing communications, media relations, alumni affairs, and government relations.

Ms. Holmes began her career with UC in 2008 as the Associate Vice Chancellor of Communications for UC Berkeley with a charter to transform the public affairs organization from a transactional, traditional organization into a strategic function focused on advocacy on behalf of UC Berkeley to its key stakeholders. She led the development of the first brand vision and positioning for UC Berkeley and managed a challenging but necessary reorganization of the department. In 2016, she joined UC Davis Health as the Associate Vice Chancellor of Public Affairs and Marketing, where she set a strategic communications agenda and framework and began to reorganize the department.

Throughout her career with UC, Ms. Holmes has worked alongside and collaborated routinely with government relations.

Prior to joining UC, Ms. Holmes worked as a consultant, preceded by ten years with Kaiser Permanente (KP) in communications leadership roles. In her last role with KP as the Vice President of National Media, Public Relations and Stakeholder Management, she led KP’s national communications department which supported the Chief Executive Officer and his leadership team. Her achievements at KP included deploying the highly successful “Thrive” campaign. She also served as KP’s Director of Communications and Organizational Change, gaining change management expertise.
Ms. Holmes received her Bachelor of Arts degree in journalism from San Francisco State University.

2. MARKET-BASED SALARY ADJUSTMENT FOR SARAH LATHAM AS VICE CHANCELLOR, BUSINESS AND ADMINISTRATIVE SERVICES, SANTA CRUZ CAMPUS

Recommendation

The Committee recommends approval of the following items in connection with the market-based salary adjustment for Sarah Latham as Vice Chancellor, Business and Administrative Services, Santa Cruz campus:

A. Per policy, a market-based salary adjustment of 7.3 percent, increasing Ms. Latham’s base salary from $298,335 to $320,000, as Vice Chancellor, Business and Administrative Services, Santa Cruz campus.

B. Per policy, continuation of standard pension and health and welfare benefits and standard senior management benefits (including eligibility for senior management life insurance and executive salary continuation for disability after five consecutive years of Senior Management Group service).

C. Per policy, continued eligibility to participate in the UC Employee Housing Assistance Program, subject to all applicable program requirements.

D. Per policy, continuation of a monthly contribution to the Senior Management Supplemental Benefit Program because Ms. Latham retains her current position.

E. As an exception to policy, this action will be effective July 1, 2018.

**Background to Recommendation**

The President of the University recommends approval of a market-based salary adjustment for Sarah Latham as Vice Chancellor, Business and Administrative Services, Santa Cruz campus, effective retroactively to July 1, 2018. The proposed adjustment will increase Ms. Latham’s base salary to $320,000, which is a 7.3 percent increase from her current base salary of $298,335. The proposed salary is 4.3 percent above the 75th percentile and 17.1 percent below the 90th percentile of the position’s Market Reference Zone (MRZ). Due to the proposed base salary exceeding the 75th percentile of the position’s MRZ and the retroactive effective date of July 1, 2018, this action requires approval of the Regents.
Ms. Latham will remain eligible for consideration for a 2018 systemwide salary program increase in accordance with University-wide guidelines.

The proposed market-based salary adjustment will better align Ms. Latham’s base salary with the criteria described in policy given her skills, experience, and contributions. The proposed base salary and position in the MRZ are appropriate, considering the breadth and complexity of Ms. Latham’s responsibilities, as well as her unique skills, direct experience and demonstrated results in her role.

Chancellor Blumenthal conducted a compensation review of all UC Santa Cruz senior administrators, including Vice Provosts, Deans and Senior Management Group (SMG) members. As a result of that review, he identified four senior administrators, one of whom is Ms. Latham, for a market-based salary adjustment. Ms. Latham is one of the campus’s longest serving SMG members, and she oversees the campus’s largest division with a large portfolio and a complex, diverse mix of staff and functions. The campus reports that Ms. Latham has consistently demonstrated exceptional performance during her six-year tenure.

Prior to her appointment in September 2012 as Vice Chancellor, Business and Administrative Services at the Santa Cruz campus, Ms. Latham served as Vice President for Operations and Management at Samford University in Birmingham, Alabama. As Vice President, she successfully oversaw and managed the creation of a new division that resulted from an institution-wide restructuring. She managed a complex portfolio that included university master planning, research and effectiveness functions, construction, physical plant and grounds, safety and community services, transportation services, environmental stewardship, and student housing and residential life services. She also served as Samford University’s Chief Compliance Officer and the university’s liaison to city officials and citizens.

As the Vice Chancellor – Business and Administrative Services, Ms. Latham is responsible for all of the campus’s critical business operational support functions: Risk and Safety Services, Internal Control and Business Services, and Physical Environment, Student Development and Auxiliary Services. This is the campus’s largest division and includes units such as staff human resources, University police, physical plant, internal audit, and student housing. Ms. Latham is responsible for assuring the smooth functioning of campus support operations and for providing strategic vision and leadership to the Division based on campus strategies and goals set by the Chancellor and Campus Provost/Executive Vice Chancellor. The scope and responsibilities of Ms. Latham’s position at UC Santa Cruz continue to expand as a result of her success in her role and strong leadership skills. In January 2017, Ms. Latham was charged with overseeing the campus Office of Physical Education, Recreation, and Sports (OPERS), which includes Athletics, six departments, two interdisciplinary programs, and three youth programs, all of which have benefited greatly from Ms. Latham’s leadership.

Ms. Latham’s leadership philosophy focuses on team, community, stewardship, quality, and safety, which has resulted in a record of simultaneously reducing operating budgets
while increasing constituent satisfaction. The campus reports that her emphasis on improvements, efficiencies, and staff engagement have had a tremendously positive effect, not only on her division, but also across the campus. Additionally, Ms. Latham plays a critical leadership role in the campus’s Long Range Development planning process and leads the campus’s Private Public Partnership project, which is necessary for increasing student enrollment. Additionally, Ms. Latham supports system and campus priorities through her service to seven campus committees, three community boards, and nine UC system committees.

Ms. Latham earned her bachelor’s degree in Psychology from the University of Alabama at Birmingham and earned her master’s degree in Higher Education and Ph.D. in Public Administration and Policy from Florida State University.

This position will continue to be funded partially or fully with State funds.

3. MARKET-BASED SALARY ADJUSTMENT FOR M. ELIZABETH COWELL AS UNIVERSITY LIBRARIAN, SANTA CRUZ CAMPUS

Recommendation

The Committee recommends approval of the following items in connection with the market-based salary adjustment for M. Elizabeth Cowell as University Librarian, Santa Cruz campus:

A. Per policy, a market-based salary adjustment of 8.9 percent, increasing Ms. Cowell’s base salary from $229,468 to $250,000 as University Librarian, Santa Cruz campus.

B. Per policy, continuation of standard pension and health and welfare benefits and standard senior management benefits (including eligibility for senior management life insurance and executive salary continuation for disability after five consecutive years of Senior Management Group service).

C. Per policy, continued eligibility to participate in the UC Employee Housing Assistance Program, subject to all applicable program requirements.

D. Per policy, continuation of a monthly contribution to the Senior Management Supplemental Benefit Program because Ms. Cowell retains her current position.
E. As an exception to policy, this action will be effective retroactively to July 1, 2018.

Background to Recommendation

The President of the University recommends approval for a market-based salary adjustment for M. Elizabeth Cowell as University Librarian, Santa Cruz campus, effective retroactively July 1, 2018. The proposed adjustment will increase Ms. Cowell’s base salary to $250,000, which is an 8.9 percent increase from her current base salary of $229,468. The proposed salary is 1.5 percent above the 75th percentile and 14.6 percent below the 90th percentile of the position’s Market Reference Zone (MRZ). Due to the proposed base salary exceeding the 75th percentile of the position’s MRZ and the retroactive effective date of July 1, 2018, this action requires approval of the Regents.

Ms. Cowell will remain eligible for consideration for a 2018 systemwide salary program increase in accordance with University-wide guidelines.

The proposed market-based salary adjustment will better align Ms. Cowell’s base salary with the criteria described in policy given her skills, experience, and contributions. The proposed base salary and position in the MRZ are appropriate, considering the breadth and complexity of Ms. Cowell’s responsibilities, as well as her unique skills, direct experience and demonstrated results in her role.

Chancellor Blumenthal conducted a compensation review of all UC Santa Cruz senior administrators, including Vice Provosts and Senior Management Group (SMG) members. As a result of that review, he identified four senior administrators, one of whom is Ms. Cowell, for a market-based salary adjustment. The campus reports that Ms. Cowell has consistently demonstrated exceptional performance as she enters her fifth year in her SMG position, showing creativity and vision in how she executes her responsibilities as the University Librarian. Ms. Cowell’s efforts to expand the UCSC libraries, such as improving the content of the library collections and upgrading the climate and physical spaces, have achieved results beyond initial expectations during a time of financial constraint at both the campus and system levels.

Ms. Cowell was hired at UC Santa Cruz as the Associate University Librarian for Public Services in July 2008. She worked with administration and staff to absorb challenging budget cuts while maintaining core library services. She played an integral role in the successful expansion and renovation of McHenry Library and led Library staff through a data-driven analysis of all public services, implementing strategic changes that resulted in a 70 percent increase in the use of library facilities. Through her leadership as part of the UC Libraries Advisory Structure, she has facilitated the UC Libraries systemwide working well together, collaborating to create and maintain innovative services. During Ms. Cowell’s appointment as Interim University Librarian in 2013, the campus reports that she engaged library staff in developing new strategic directions and fostered successful cross-campus collaborations. Following a national search in 2014, Ms. Cowell was selected as the top candidate and appointed as the career University Librarian.

Ms. Cowell has 20 years of progressively responsible management experience in academic libraries with a strong record of accomplishment and evidence of strategic
leadership in operations, fundraising, and innovation. The campus reports that she brings a high level of enthusiasm to her work in academic libraries, grasps the potential of strong library alliances, and effectively communicating the value of academic libraries to a wide variety of stakeholders.

One result of Ms. Cowell’s engagement has been her successful fundraising for library expansion, obtaining a grant for $5 million for the renovation of the Science and Engineering Library, a $1.5 million planned gift to Stevenson College, and $272,000 in additional gifts for library services. The renovations of the Science and Engineering Library will promote collaborative learning and support student success, providing active learning spaces that accommodate a diversity of learning styles and needs amidst the rich resources the Library offers. Through Ms. Cowell’s leadership, the campus was selected by the California Digital Library to be the second of three pilot mass digitization projects. Additionally, she has most recently expanded the University archive through a gift of a historic photo collection, the works of Ruth-Marion Baruch and Pirkle Jones, valued at an estimated $32 million.

Ms. Cowell provides innovative, positive, forward-focused leadership for the campus libraries, and she continues to take leadership roles at the systemwide level. She has served as vice-chair of the Council of University Librarians (CoUL) steering committee and will be chairing the committee this year.

Ms. Cowell earned her Bachelor of Philosophy in Interdisciplinary Studies from Miami University in Oxford, Ohio and earned a Master of Science in Library and Information Science from the University of Illinois at Urbana-Champaign.

This position will continue to be funded partially or fully with State funds.

B. As an exception to policy, because the time period between the effective date and the approval date is greater than 45 days, authorization for the President to approve merit increases retroactive to July 1, 2018 for those Level Two SMG members and employees in the Managers and Senior Professionals (MSP) personnel program that require the President’s approval and would normally be within the President’s authority to approve.

The base salaries presented above shall constitute the University’s total commitment for base salary until modified by the Regents or the President, as applicable under Regents policy, and shall supersede all previous oral and written commitments. Compensation recommendations and final actions will be released to the public as required in accordance with the standard procedures of the Board of Regents.

Office of the President, Systemwide Human Resources

Background to Recommendation

Consistent with the 2018 salary program for non-represented staff at all levels, the President of the University recommends approval of merit increases for certain Level One members of the Senior Management Group (SMG) who were in their current roles on or before January 1, 2018 and who have not received a salary increase on or after January 1, 2018. The proposed merit increases will be effective retroactive to July 1, 2018 as an exception to policy.

Additionally, the President requests approval to authorize her approval authority retroactive to July 1, 2018 for merit increases for certain Level Two SMG members and
those employees in the Managers and Senior Professionals (MSP) personnel program that require the President’s approval and would normally be within the President’s authority to approve. All proposed merit increases are consistent with the 2018 salary program for non-represented staff at all levels. This is an exception to policy requiring Regental approval as the time period between the effective date and approval date is greater than 45 days; however, the action is needed to align the merit increases with the effective date established for the systemwide 2018 merit program.

Participation by the Level One SMG members in this organization-wide, non-represented staff salary program will allow the University to keep pace with general salary movement in the labor market.

Of the Level One SMG members, two Chancellors were appointed in 2017, therefore only eight of the ten Chancellors received merit increases effective July 1, 2017. Of the five Chief Executive Officers of the Health Systems, one is leaving UC on September 30, 2018 and one was newly appointed, therefore three of the four remaining CEOs received merit increases effective July 1, 2017. The Lawrence Berkeley National Laboratory (LBNL) Director received a merit increase effective October 1, 2017 in line with LBNL’s fiscal year. The remaining Level One SMG members did not receive merit increases in 2017.
