PUBLIC COMMENT

Chairman Moores explained that the Board had been convened as a Committee of the Whole in order to permit members of the public an opportunity to comment on University-related matters. The following person addressed the Board:

Mr. Stephen Klass, an undergraduate at the San Diego campus and Chair of the University of California Student Association, discussed the State's budget, noting that the educational system, rather than the prison system, had been cut severely. He believed that the State government lacked foresight and should be planning, with the help of the University, for the anticipated increase in UC enrollments in this decade – enrollments that would be even higher if the State were supporting K-12 appropriately. He suggested that the Regents work with students in order to submit a request to the State that a plan be developed for handling UC overenrollment into the future.

The meeting adjourned at 8:48 a.m.
