There was one public speaker who addressed the Committee regarding item C(5), below.

There was one information item and one discussion item, followed by five action items:

### A ***Internal Audit Quarterly Report***

University Auditor Reed presented the quarterly report for the Internal Audit Program for the quarter ended December 31. He discussed the reasons for an increase in the volume of investigation hours relative to other activities. Mr. Reed noted that Internal Audit recently reviewed the Annual Report on Executive Compensation. He described current efforts toward process improvements in the reporting of compensation, in particular income not reported by the payroll system. Mr. Reed discussed the current status of Management Corrective Actions, including the number of open high risk, past due items. He noted that an enhancement to the database tracking system for Management Corrective Actions is being developed, with a more forward-looking emphasis, which will facilitate communication with those responsible for the corrective action. He pointed out the challenges to the University's internal control system posed by the current difficult budget environment.

**B. *Discussion of Compliance Program Model***

Chief Compliance and Audit Officer Vacca discussed the status of compliance program development. The compliance function at the University of Texas is being used as a benchmark, because, among American universities, the University of Texas most resembles UC with its multiple campuses and combined structure. She informed the Committee that the four current priorities for UC's ethics and compliance program are also areas of priority risk for the University: conflicts of interest, research, contracts and grants, and compensation. Ms. Vacca outlined a proposed compliance infrastructure model for UC, in which Campus Compliance Risk Committees report to a systemwide UC Compliance Risk Council, which in turn reports to the Chief Compliance and Audit Officer, who reports to the Regents. She anticipated that this model will be presented to the full Board in July for adoption by the Board. Ms. Vacca briefly discussed the complexity of principal investigators' oversight responsibilities as an example of the challenges to pull compliance activities together. It was reported that a qualified candidate has been identified for the Expert Compliance Advisor position, and it is hoped to have an individual identified as Financial Advisor by the next meeting.

**C. *Action Items***

- (1) ***Amendment of Bylaws 12.1 (Responsibilities of the Committee on Audit); 21.5 (Duties and Responsibilities of the Senior Vice President–Chief Compliance and Audit Officer); 10.1 (Standing Committees); and 10.4 (Ex Officio Members)***

The Committee recommended that, following service of appropriate notice, Bylaws 12.1, 21.5, 10.1, and 10.4 be amended to change the Committee name to the Committee on Compliance and Audit and to specify the Committee's responsibility for compliance and risk oversight.

- (2) ***Amendment of Regents' Policy on Charter of the Committee on Audit***

The Committee recommended amendments to the Charter of the Committee on Audit to reflect more specific oversight responsibilities for the Committee regarding the Senior Vice President–Chief Compliance and Audit Officer, the Corporate Compliance program, and the new administrative reporting relationship between the University Auditor and the Senior Vice President–Chief Compliance and Audit Officer.

Pending approval by the Regents of the compensation terms, which exceed delegated authority, Mr. Chow's appointment is to be effective January 28, 2008 through February 14, 2011, as indicated below.

The campus initiated negotiations with Mr. Chow to employ him as offensive coordinator to replace former offensive coordinator, Jay Norvell, who recently accepted the position of co-offensive coordinator at the University of Oklahoma and whose contract term was from January 1, 2007 through June 30, 2008.

The following terms and conditions exceed the delegated recruitment and negotiation parameters approved by the Regents in July 2007:

- a. Guaranteed compensation:
  - i. Effective January 28, 2008, an annual "guaranteed compensation" of \$300,000 for the first two years of the contract comprised of a base salary of \$250,000 and an annual talent fee of \$50,000. The total proposed annual guaranteed compensation for the first two years of this contract is equal to that of the predecessor's annual guaranteed compensation.
  - ii. Effective February 15, 2010 (the third year of the three-year contract), a 30 percent increase in the annual "guaranteed compensation," from \$300,000 to \$390,000. The guaranteed compensation will be comprised of an annual base salary remaining at \$250,000 and an increase to the talent from \$50,000 to \$140,000.
- b. Bonuses:
  - i. Retention Bonus: As a new element, a retention bonus in the amount of 250,000. In the event Coach Chow remains in his position as Offensive Coordinator as of the first football

practice of the 2010 season (April 2010), he will receive a retention bonus of \$250,000. Coach Chow must repay this retention bonus in full to UCLA within 60 days if Coach terminates his employment prior to the end of the 2010 regular football season.

- ii. Performance Bonus: An increase from the predecessor's annual maximum potential performance bonus of \$20,000 to \$40,000. In the event that the football team, during the term of the employment contract, accomplishes the following, Coach Chow shall earn supplemental compensation during each contract year in which the accomplishment occurs, to be paid at the conclusion of the 2010 football season, as follows:

<u>Accomplishment</u>	<u>Bonus Amount</u>
Team wins the National Championship	\$25,000
Team participates in a BCS Bowl	\$15,000
Team participates in a Bowl with a payout of \$1 million or more	\$6,500
Team participates in a Bowl with a payout of less than \$1 million.	\$4,000

- Camps: Eligibility to earn up to \$10,000 per year for participating in summer camps.
- Benefits: Eligibility for standard Health and Welfare benefits.
- Other: Eligibility for one courtesy automobile.

If Mr. Chow is terminated with cause, all obligations will cease. Finally, Mr. Chow is free to terminate at any time other than during the football season, and there is no penalty clause.
