~~POLICY ON REGENTS' RELATIONS TO FAIR EMPLOYMENT PRACTICES ACT~~

~~The Regents of the University of California believe that there is no place on our democracy for discrimination based on race, religion, or national origin.~~

~~As a result of this conviction, the University has long opposed discriminatory practices in all University affairs.~~

~~As a matter of policy, The Regents declare that the University will continuously support the spirit and purpose of the Fair Employment Practices Act and will tender appropriate assistance to the Fair Employment Practices Commission and other governmental agencies in achieving the elimination of discriminatory practices in employment and other fields.~~

~~To insure strict adherence to this policy, the University has procedures to prevent any discriminatory practice contrary to the rights of prospective, current, or former employees.~~

~~The Board of Regents makes this policy declaration of its own accord since it is a constitutionally independent body and thus legally exempt from the provisions of the Fair Employment Practices Act.~~

#### ~~POLICY ON NONDISCRIMINATION BY STUDENT ORGANIZATIONS AND IN APPROVED STUDENT HOUSING~~

The University of California has always had a policy in the administration of its affairs against discrimination based on race, religion or national origin. This policy has been followed strictly in the admission of students to the University and in the utilization of all of the University's facilities. All groups operating under the administrative control of The Regents, including administration, faculty, student governments, and University-owned residence halls, are governed by this policy of nondiscrimination.

Private groups which surround University campuses and which in various ways provide services to the University or its students are not bound by the University's nondiscrimination policy if they do not receive special privileges from the University and are not subject to its control.

Somewhat different problems are presented by the many organizations composed of University students which are essentially private organizations but which are recognized by the University or by student governments. They are entitled to certain privileges such as use of University facilities and are subject to certain University regulations (e.g., rules governing student living in fraternities and sorority houses). Most organizations of this type, including most social fraternities and sororities, honorary societies, and professional societies, have long had as an essential aspect of their operations the freedom of their members to choose the persons who shall be included in their groups. The University recognizes and approves this freedom of essentially private groups to select their own members.

A few groups with such a special relation to the University still are subject, however, often against the wishes of their local members, to external restraints requiring discrimination. In accordance with the traditions of the University, there must be freedom for all such groups to choose members on a basis of individual evaluation unfettered by policies which require discrimination on the grounds alone of race or religion or national origin regardless of the personal merit of the fellow student. Consequently for such groups having a special reciprocal relationship of privileges from any obligations to the University, the University, in accordance with its basic philosophy of nondiscrimination, must insist that the students participating in such organizations be freed from any external restraints requiring said discriminatory practices.

In accordance with the general policies expressed above, the following regulation governing student groups has been approved to apply to all campuses of the University:

1. ~~Discrimination based on race, religion, or national origin is specifically forbidden in the administration of the affairs of student governments and their subsidiary agencies.~~
2. ~~All other student organizations which are recognized by the University or by the student governments as a condition of recognition shall have a membership policy which does~~

~~not require discrimination based on race, religion, or nation origin. The members of such organization shall be free to choose their own associates according to their own best judgment, and should not be confined to selection within a system of categories which finds its origin in racial or religious discrimination. Where such groups operate on a basis of selected membership, the students participating in them shall be permitted to choose members free from the restraints of said discriminatory policies imposed by constitutions, agreements, alumni or other non-students, or other organization rules. With respect to the few remaining student organizations (including fraternities and sororities) which are bound by discriminatory clauses in national constitutions or other regulations beyond the power of the local organization to change, and in order to proceed with all deliberate speed in the elimination of said discriminatory policies, this regulation shall become effective at the earliest possible date when (1) said discriminatory clauses in national constitutions and in other national regulations can be eliminated; or (2) the local organizations specifically are exempted by the national organizations from the effect of such discriminatory clauses, and in no event later than September 1, 1964.~~

- ~~3. Each organization covered by the policy in Paragraph 2 shall deposit with the Dean of Students or equivalent officer on the relevant campus by January 1, 1960, copies of all constitutions, charters, or other documents relation to their policies with reference to choice of membership. By the same date, they shall also deliver to the same officer a statement signed by the president or similar officer of the local organization to the effect that there are not rules or policies which inhibit the members from accepting students without discrimination on account of race, religion, or national origin in the selection of members. (Organizations falling within the exception in the last sentence of Paragraph 2 may delay filing the nondiscrimination statement until the governing date under Paragraph 2.) This statement shall be renewed annually and the other documents required by this paragraph shall be refilled within the ninety days after any substantive change or amendment.~~
- ~~4. Nothing contained in this statement of policy shall interfere with the traditional alumni-chapter relationships except as set forth above.~~
- ~~5. Privately owned housing facilities which are inspected and approved by the University for student housing shall be open to all students without discrimination based on race, religion, or national origin. This paragraph does not apply to student organizations covered by Paragraph 2.~~
- ~~6. Violation of the policy set forth in Paragraph 2 shall result in the withdrawal of University recognition and of any University privileges from the group involved. Violation of the policy set forth in Paragraph 5 shall result in the removal of the housing facility involved from the approved list.~~
