Appendix J -- Charter of the Special Committee on Nominations

A. Purpose. The Special Committee on Nominations shall make recommendations to the Board regarding the membership and Chairs and Vice Chairs of Standing Committees.

B. Membership/Appointment/Term. The Chair of the Board will appoint 7 members, including a Committee Chair, to the Special Committee for one-year terms annually every spring in September. All members shall be voting Regents, with no advisory members.

C. Special Provisions. The Special Committee is established as a recurring committee, with a term of one year. Regents who are not members of the Special Committee shall not attend its meetings.

D. Board Leadership and Committee Assignments. The Special Committee shall be responsible for presenting to the Board no later than May of each fiscal year a slate of candidates for Chair and Vice Chair of the Board, Chair and Vice Chair of each Standing Committee, and the remaining members of each Standing Committee for the following fiscal year. The Special Committee shall consult with the Chairs and Vice Chairs of the Committees regarding nominations of Committee membership and leadership for the next year. The Special Committee also nominates advisors as members of Standing Committees and Subcommittees, unless otherwise specified in a Committee Charter, and nominates Regents and advisors to Standing Committees and Subcommittees when vacancies occur.

1 Adopted 1-17-19
Appendix E - Charter of the Health Services Committee

A. **Purpose.** The Health Services Committee shall provide strategic direction and oversight, make recommendations to the Board, and take action pursuant to delegated authority, on matters pertaining to the University’s health professions schools, academic health centers, health systems, non-hospital clinics and student health and counseling centers (“UC Health”).

B. **Membership.** The Committee shall consist of sixteen nineteen members, constituted as follows:

- The President of the Board, serving in an ex officio capacity
- The Chair of the Board, serving in an ex officio capacity
- The President of the University, serving in an ex officio capacity
- A member of the Regents Finance and Capital Strategies Committee
- Six other Regents
- The senior executive in the Office of the President charged with overseeing UC Health, serving in an ex officio capacity
- Three Chancellors of University of California campuses with medical schools
- One member in good standing of the Academic Senate, holding a clinical appointment at one of the University’s health sciences schools
- Four additional advisory members, demonstrating expertise in health care delivery management, academic health services, health care mergers and acquisitions or other relevant expertise

C. **Appointment.** Except for ex officio members, all members of the Committee, and those chosen to serve as Chair and Vice Chair, shall be nominated by the Special Committee on Nominations, and approved by the Board. Candidates for the Chancellor, Academic Senate, and Advisory Member positions on the Committee shall be forwarded for consideration to the Special Committee on Nominations by the President of the University.

D. **Term.** Unless otherwise specified by action of the Board, voting Regent members of the Committee, other than ex officio members, shall be appointed for a term of three years, subject to reappointment, in order to facilitate the development of expertise needed to provide effective oversight of the health enterprise. Regents who have less than three years remaining in their terms are eligible for appointment. Advisory members may serve for such terms as recommended by the Special Committee on Nominations, and approved by the Board, and shall not be subject to any term limits.
E. Special Requirements for Chancellors/Advisory Members. Only the Regent members of the Committee shall be permitted to vote on Committee business. A Chancellor member of the Committee shall be permitted to participate on a matter primarily affecting or benefitting their campus only to the extent of presenting or assisting in the presentation of the matter to the Committee, and shall not otherwise participate in the Committee’s deliberations. This limitation shall not apply when the matter is expected to affect or benefit all or substantially all UC Health campuses. External advisory members (non-Chancellors) shall meet separately with the senior executive of UC Health periodically to provide advice.

Any advisors not otherwise subject to University policy, shall be subject to the laws and policies applicable to Regents governing compensation and reimbursement of expenses, and shall be subject to conflict of interest disclosure and recusal obligations as specified in the University’s Conflict of Interest Code and other applicable policies.

F. Delegated Authority Over Transactions.

1. General Delegation: Subject to the limitations and other requirements specified below, the Committee shall have plenary authority to approve the following UC Health business transactions, which, on approval, shall require no further action or authorization from the Board or any other committee:
   - alliances and affiliations involving University financial commitments, use of the University’s name, research resources, and the University’s reputation;
   - acquisitions of physician practices, hospitals and other facilities and clinics and ancillary services providers;
   - participation or membership in joint ventures, partnerships, corporations or other business entities; and
   - other business transactions primarily arising from or serving the programs or services of UC Health.

2. Further Delegation: With review and approval of the Chair or Vice Chair of the Health Services Committee, the President may approve any UC Health transaction that can reasonably be anticipated to commit or generate no more than the lesser of (i) 1.5% of the relevant Medical Center’s annual operating revenue for the previous fiscal year, or (ii) $25 million and when combined with other transactions approved by the President for a particular Health Center in the current fiscal year, would reasonably be anticipated to commit or generate no more than the lesser of (i) 3% of the relevant Health Center’s annual operating revenue for the previous fiscal year, or (ii) $50 million; nor to any transaction involving more than one Medical Center.

3. Exclusions From Delegations:
   - When a transaction is predominantly (by revenue committed or generated) a real estate transaction; or
when a transaction includes issuance of debt; or
when a transaction is anticipated to generate or commit more than 3% of the annual operating revenue of the sponsoring health center(s), as reflected in the audited financial statement(s) for the most recent fiscal year; or
when a transaction, when combined with the value of other transactions approved by the Committee in the current fiscal year, reasonably is anticipated to generate or commit more than 5% of the annual operating revenue of the sponsoring health center(s), as reflected in the audited financial statements for the most recent fiscal year.

G. **Delegated Authority Over Appointments and Compensation.**

   1. When the appointment of or compensation for an employee serving UC Health or any of its components, whose compensation is paid solely from sources other than State general fund support to the University, otherwise requires approval from the Regents or a Committee of the Regents, the Health Services Committee may review and approve such appointment and/or compensation without further Regents action.

   2. The Committee shall develop a benchmarking framework for use in evaluating compensation proposals that may be approved under the authority delegated in paragraph G(1). The benchmarking framework shall identify peer institutions against which UC Health competes for high level positions and identify external salary data for positions comparable to those that may be approved by the Committee. The benchmarking framework shall be reviewed and approved by both the Health Services Committee and the Governance Committee at least every two (2) years. The Health Services Committee and the Governance Committee shall also approve any new UC Health positions in the Senior Management Group and their corresponding salary ranges for positions that are not State-funded without further Regents action.

H. **Other Oversight Responsibilities.** In addition to the authority described above, the Committee may review and make recommendations with regard to the following matters and/or with regard to the following areas of the University’s business:

   • The general operation of UC Health
   • Functions and operations of the governing body of each of the academic health centers
   • Systemwide or regional UC Health initiatives
   • Patient care and the cost, quality and accessibility of service
   • Development of health system performance dashboards
   • Strategic plans and budgets for UC Health
   • Issuance of debt that may affect UC Health clinical strategy
• Real estate transactions that may affect UC Health clinical strategy
• Capital improvements that may affect UC Health clinical strategy
  o The Health Services Committee shall consider proposals for plans for improvements and capital improvement requests involving UC Health or any of its components prior to or concurrent with consideration, recommendation, or approval by the Finance and Capital Strategies Committee. This requirement applies only to those capital projects that are related to patient care or research, or are otherwise of strategic importance to UC Health.
• Health system acquisitions, affiliations and alliances (for matters not covered by the Committee’s delegated authority)
• Health system procurement
• Health system appointments and compensation (for matters not covered by the Committee’s delegated authority)
• Health system incentive compensation programs
• Participation in government health care programs and contracts with private health plans
• University health benefits self-insurance programs under UC Health (e.g., UC Care)
• Health information privacy, security and data protection
• Regulatory compliance
• All other matters significantly affecting UC Health

The delegation and assignment of responsibilities to this Standing Committee under Paragraphs G F through I H signifies that it is the Committee to which matters otherwise appropriate for Board consideration generally will be referred and does not create an independent obligation to present a matter to this Standing Committee, to the Board or to any other Committee.

I. **Administrative Committees.** Notwithstanding any other University policy, the Regent members of the Committee shall be permitted to serve on committees or work groups established by the President of the University or other University administrators for the conduct of the business of UC Health.

J. **Reporting.** In addition to the reports required under Bylaw 24.11, the Committee shall deliver to the Board the following reports, which may be in writing, on at least an annual basis:

• The UC Health strategic plan and budget, presented to the Board for review
• A report on the status of the University student health and counseling centers
• A written report on the status of all health system transactions approved under the Committee’s delegated authority during the previous three years
