

The Regents of the University of California

COMPLIANCE AND AUDIT COMMITTEE

September 19, 2024

The Compliance and Audit Committee met on the above date at the UCLA Luskin Conference Center, Los Angeles campus and by teleconference meeting conducted in accordance with California Government Code §§ 11133.

Members Present: Regents Beharry, Cohen, Leib, Makarechian, Matosantos, Pérez, Sherman, and Sures; Ex officio member Reilly; Advisory member Cheung; Chancellors Hawgood, Khosla, Larive, and Yang; Staff Advisor Frias

In attendance: Regents Drake, Lee, Pack, Robinson, Salazar, and Sarris, Regents-designate Brooks, Komoto, and Wang, Faculty Representative Palazoglu, Secretary and Chief of Staff Lyall, General Counsel Robinson, Chief Investment Officer Bachher, Executive Vice President and Chief Operating Officer Nava, Interim Senior Vice President Turner, Vice Presidents Kao and Lloyd, Chancellors Lyons, Muñoz, and Wilcox, Interim Chancellor Hunt, and Recording Secretary Johns

The meeting convened at 1:35 p.m. with Committee Chair Sures presiding.

1. APPROVAL OF MINUTES OF PREVIOUS MEETING

Upon motion duly made and seconded, the minutes of the meeting of July 17 and the joint meeting of the Academic and Student Affairs Committee and the Compliance and Audit Committee of July 17, 2024 were approved, Regents Cohen, Makarechian, Matosantos, Reilly, and Sures voting “aye.”¹

2. UNIVERSITY OF CALIFORNIA COMPLIANCE WITH STATE ASSEMBLY BILL 481

The President of the University recommended approval of the military equipment use policy as shown in Attachment 1 and the equipment inventory contained in the 2024 annual report as shown in Attachment 2.

[Background material was provided to Regents in advance of the meeting, and a copy is on file in the Office of the Secretary and Chief of Staff.]

Executive Vice President and Chief Operating Officer Nava explained that this action item represented the University’s annual compliance with California State law, Assembly Bill (AB) 481, which was instituted in 2021. This was the University’s third AB 481 report.

¹ Roll call vote required by the Bagley-Keene Open Meeting Act [Government Code §11123(b)(1)(D)] for all meetings held by teleconference.

Regent Pérez requested clarification regarding the distinction between compliance, which he understood to be UC reporting on actions it has taken, versus authorizing new acquisitions. Ms. Nava responded that the first responsibility required in the statute was confirmation and reaffirmation of the existing Regents' policy on military equipment use; second was the reporting of the inventory, the compliance requirement noted by Regent Pérez; and third was renewal or request for new equipment for the coming year.

Systemwide Director of Community Safety Jody Stiger recalled that, while AB 481 uses the term "military equipment," the definition of this term in the statute encompasses equipment that is not exclusively used by the military. UC police departments do not use or receive goods from the U.S. Department of Defense's Law Enforcement Support Office program. The Regents are responsible for approving the University's equipment inventory annually. UC police departments cannot purchase any of this equipment without the approval of the chancellor and the Regents. In addition to the existing inventory, several campuses were requesting new equipment, including drones.

The primary use of less lethal weapons or munitions was not crowd control, but rather to provide law enforcement with options other than lethal force during life-threatening circumstances. Less lethal munitions may be used during protests that have become violent and when law enforcement and campus leadership have determined the need for law enforcement to utilize force to defend themselves and others or to effect an arrest, which was consistent with State law, the Robinson-Edley Report, and the UC Community Safety Plan.

Last year, the Regents approved the purchase of drones for the Davis and Santa Cruz campuses. UC Davis was the only campus to purchase a drone. While no official flights have taken place, UC police have developed a model policy in conjunction with the UC Center of Excellence on Unmanned Aircraft System Safety. Mr. Stiger's office would submit this policy for systemwide approval in the coming weeks. Drone usage may be authorized for deployment under the following circumstances: public safety and life preservation missions, including but not limited to missing person incidents, traffic collision investigations, search and rescue operations, disaster scene incidents, barricade situations, active shooters, apprehension of armed and dangerous fleeing suspects, and other high-risk situations. Drone use was prohibited to monitor peaceful marches or protests unless authorized by the chancellor or designee. Drone usage was also prohibited to target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Consistent with AB 481, each UC police department holds at least one community engagement meeting within 30 days of the release of the annual report. This meeting allows the UC community to discuss and ask questions regarding the annual report as well as UC police's funding, acquisition, or use of military equipment. No changes were being recommended to the University's policy related to the use of military equipment.

Committee Chair Sures referred to items being purchased for extreme, emergency situations and asked what these scenarios might be. He asked if some of this equipment might be needed for an active shooter scenario. Mr. Stiger responded in the affirmative.

Upon motion duly made and seconded, the Committee approved the President's recommendation and voted to present it to the Board, Regents Cohen, Makarechian, Matosantos, Reilly, and Sures voting "aye."

The meeting adjourned at 1:50 p.m.

Attest:

Secretary and Chief of Staff

University of California [campus] Police Department

UC [campus] PD Policy Manual

Military Equipment

1.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the approval, acquisition, and reporting requirements of military equipment (Government Code § 7070; Government Code § 7071; Government Code § 7072).

1.1.1 DEFINITIONS

Definitions related to this policy are set forth by Government Code § 7070:

Governing body – The elected or appointed body that oversees the Department.

Military equipment – Includes:

- Unmanned, remotely piloted, powered aerial, or ground vehicles.
- Mine-resistant ambush-protected (MRAP) vehicles or armored personnel carriers.
- High mobility multipurpose wheeled vehicles (HMMWV), two-and-one-half-ton trucks, five-ton trucks, or wheeled vehicles that have a breaching or entry apparatus attached.
- Tracked armored vehicles that provide ballistic protection to their occupants.
- Command and control vehicles that are either built or modified to facilitate the operational control and direction of public safety units.
- Weaponized aircraft, vessels, or vehicles of any kind.
- Battering rams, slugs, and breaching apparatuses that are explosive in nature. This does not include a handheld, one-person ram.
- Firearms and ammunition of .50 caliber or greater, excluding standard-issue shotguns and standard-issue shotgun ammunition.
- Specialized firearms and ammunition of less than .50 caliber, including firearms and accessories identified as assault weapons in Penal Code § 30510 and Penal Code § 30515, with the exception of standard-issue firearms.
- Any firearm or firearm accessory that is designed to launch explosive projectiles.
- Noise-flash diversionary devices and explosive breaching tools.
- Munitions containing tear gas or OC, excluding standard, service-issued handheld pepper spray.
- TASER® Shockwave, microwave weapons, water cannons, and long-range acoustic devices (LRADs).
- Kinetic energy weapons and munitions.
- Any other equipment as determined by a governing body or a state agency to require additional oversight.

Military Equipment

1.2 POLICY

It is the policy of the University of California [campus] Police Department that members of this Department comply with the provisions of Government Code § 7071 with respect to military equipment.

1.2.1 COMPLIANCE PROCEDURE

The University of California [campus] Police Department will ensure that all Department members comply with this policy and the policies that govern the use of equipment defined as military equipment. The UC [campus] Police Department shall conduct an annual audit. The Chief of Police or their designee will be notified of any policy violation(s). If needed, the violation(s) will be referred to an internal complaint investigation and handled according to UC [campus] Police Department's Personnel Complaint policy. All instances of non-compliance will be reported to the UC Board of Regents as part of the annual military equipment report.

Any member of the public can register a complaint, question, or a concern regarding military equipment use by sending their question via email to [campus email address]. The Chief of Police or their designee will respond in a timely manner.

1.3 MILITARY EQUIPMENT COORDINATOR

The Chief of Police should designate a member of this Department to function as the military equipment coordinator. The responsibilities of the military equipment coordinator include but are not limited to:

- (a) Acting as liaison to the governing body for matters related to the requirements of this policy.
- (b) Identifying Department equipment that qualifies as military equipment in the current possession of the Department or the equipment the Department intends to acquire that requires approval by the governing body.
- (c) Conducting an inventory of all military equipment at least annually.
- (d) Collaborating with any other law enforcement agencies that may use military equipment within the jurisdiction of the University of California [campus] Police Department (Government Code § 7071).
- (e) Preparing for, scheduling, and coordinating the annual community engagement meeting to include:
 1. Publicizing the details of the meeting.
 2. Preparing for public questions regarding the Department's funding, acquisition, and use of equipment.
- (f) Preparing the annual military equipment report for submission to the Chief of Police and ensuring that the report is made available on the Department website (Government Code § 7072).

UC [campus] PD Policy Manual

Military Equipment

1.4 MILITARY EQUIPMENT INVENTORY

The following constitutes a list of qualifying equipment for the UC Police Departments:

[See attachment UC Police Military Equipment Inventory.pdf](#)

1.5 APPROVAL

The Chief of Police or the authorized designee shall obtain approval from the governing body by way of an ordinance adopting the military equipment policy (Government Code § 7071(a)(1)).

As part of the approval process, the Chief of Police or the authorized designee shall ensure the proposed military equipment policy is submitted to the governing body and is available on the Department website at least 30 days prior to any public hearing concerning the military equipment at issue (Government Code § 7071(b)).

The military equipment policy must be approved by the governing body prior to engaging in any of the following (Government Code § 7071(a)):

- (a) Requesting military equipment made available pursuant to 10 U.S.C. § 2576a.
- (b) Seeking funds for military equipment, including but not limited to applying for a grant, soliciting, or accepting private, local, state, or federal funds, in-kind donations, or other donations or transfers.
- (c) Acquiring military equipment either permanently or temporarily, including by borrowing or leasing.
- (d) Collaborating with another law enforcement agency in the deployment or other use of military equipment within the jurisdiction of this Department.
- (e) Using any new or existing military equipment for a purpose, in a manner, or by a person not previously approved by the governing body.
- (f) Soliciting or responding to a proposal for, or entering into an agreement with, any other person or entity to seek funds for, apply to receive, acquire, use, or collaborate in the use of military equipment.
- (g) Acquiring military equipment through any means not provided above.
- (h) This approval is intended to permit the Department to maintain the quantities of military equipment at the quantities that were last approved by the governing body. Accordingly, the Department can engage in any of the activities listed in 905.6(a)-(g) without seeking additional approval as long as the Department does not exceed the pre-approved quantity.
- (i) **MILITARY EQUIPMENT USE CONSIDERATIONS**
 - (a) The military equipment acquired and authorized by the Department is (Government Code § 7071(d) (1)):
 1. Necessary because there is no reasonable alternative that can achieve the same objective of officer and civilian safety.
 2. The military equipment use policy will safeguard the public's welfare, safety, civil rights, and civil liberties.

University of California [campus] Police Department

UC [campus] PD Policy Manual

Military Equipment

3. Reasonably cost-effective compared to available alternatives, if any, that can achieve the same objective of officer and civilian safety.
4. Military equipment shall only be used by a Department employee only after applicable training, including any course required by the Commission on Peace Officer Standards and Training, has been completed, unless exigent circumstances exist.

1.6 COORDINATION WITH OTHER JURISDICTIONS

Military equipment used by any member of this jurisdiction shall be approved for use and in accordance with this Department policy. Military equipment used by other jurisdictions that are providing mutual aid to this jurisdiction shall comply with their respective military equipment use policies in rendering mutual aid. Situations may arise where the Department may deploy or use military equipment, as defined, owned by other law enforcement agencies. The Department hereby adopts the military equipment use policy as is approved, and may be amended from time to time, under Government Code section 7070 et seq., for jurisdictions that the Department may engage with to provide mutual aid. This section is in no way a limitation to the ability of the Department to deploy or use the military equipment of another jurisdiction.

1.7 ANNUAL REPORT

Upon approval of a military equipment policy, the Chief of Police or the authorized designee should submit a military equipment report to the governing body of each type of military equipment approved within one year of approval and annually thereafter for as long as the military equipment is available for use (Government Code § 7072).

The Chief of Police or the authorized designee should also make each annual military equipment report publicly available on the Department website for as long as the military equipment is available for use. The report shall include all information required for the preceding calendar year for each type of military equipment in the Department inventory (Government Code § 7072).

The annual military equipment report shall, at a minimum, include the following information for the immediately preceding calendar year for each type of military equipment:

- (a) A summary of how the military equipment was used and the purpose of its use.
- (b) A summary of any complaints or concerns received concerning military equipment.
- (c) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response.
- (d) The total annual cost of each type of military equipment, including acquisition, personnel training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.
- (e) The quantity possessed for each type of military equipment.
- (f) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.

University of California [campus] Police Department

UC [campus] PD Policy Manual

Military Equipment

1.8 COMMUNITY ENGAGEMENT

Within 30 days of submitting and publicly releasing the annual report, the Department shall hold at least one well-publicized and conveniently located community engagement meeting, at which the general public may discuss and ask questions regarding the annual military equipment report and the law enforcement agency's funding, acquisition, or use of military equipment (Government Code § 7072(b)).

Assembly Bill 481 (AB 481)

Prepared by:

UC COUNCIL OF CHIEFS OF POLICE

SEPTEMBER 2024

UC POLICE DEPARTMENT ANNUAL REPORT 2024 OF MILITARY EQUIPMENT

University of California Police Department Policy “Military Equipment” requires an annual report to be submitted to the Regents on an annual basis and posted on the police department website for as long as the equipment is in use.

Annual Report

Upon approval of a military equipment policy, the Chief of Police or the authorized designee should submit a military equipment report to the governing body of each type of military equipment approved within one year of approval and annually thereafter for as long as the military equipment is available for use (Government Code § 7072).

The Chief of Police or the authorized designee should also make each annual military equipment report publicly available on the Department website for as long as the military equipment is available for use. The report shall include all information required for the preceding calendar year for each type of military equipment in the Department inventory (Government Code § 7072).

The annual military equipment report shall, at a minimum, include the following information for the immediately preceding calendar year for each type of military equipment:

- (a) A summary of how the military equipment was used and the purpose of its use.*
- (b) A summary of any complaints or concerns received concerning military equipment.*
- (c) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response.*
- (d) The total annual cost of each type of military equipment, including acquisition, personnel training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.*
- (e) The quantity possessed for each type of military equipment.*
- (f) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.*

A. How Used and Purpose of Use

- UC Berkeley PD (UCB) and UC Santa Cruz (UCSC) used the Long Range Acoustic Device (LRAD) equipment for crowd management.
- UCB used the Remotec Andros F6A Robot, Penn Arms 40mm L140-3 Launcher, and CTS 9557, Sponge Rounds on two occasions.
- UC Irvine PD (UCI) used (35) 40mm eXact iMpact munitions and (6,600) rounds of .556-range ammunition for annual training.
- UC Los Angeles PD (UCLA) used (108) Def-Tec eXact iMpact 40mm munitions for annual training.
- UC Merced (UCM) used (7) Def-Tec eXact iMpact 40mm munitions for annual training.
- UC Riverside (UCR) used (60) Def-Tec eXact iMpact 40mm munitions and (3,000) rounds of .556-range ammunition for annual training and deployed (not fired) the FN 303 Launcher during a building takeover at UCB during the Spring 2024 encampments.
- UC Santa Barbara PD (UCSB) used (59) Def-Tec 40mm exact Impact munitions (model# 6325) for annual retraining/certifications of police officers and used (9,000) rounds of Federal American Eagle .223 ammunition for retraining/certifications of police officers and four (4) newly hired officers attending a POST 16-hour Rifle Course.
- UC San Diego PD (UCSD) used (330) 40mm eXact iMpact munitions for annual training.
- UC San Francisco PD (UCSF) used (7,000) rounds of Winchester .223 rifle rounds were expended during required range training.
- UC Davis PD (UCD) did not use any military equipment during this timeframe.

B. Complaints or Concerns

UCB, UCD, UCI, UCLA, UCM, UCR, UCSD, UCSF, UCSB, and UCSC Police Departments received no complaints or concerns during the fiscal year regarding the purchase or use of military equipment or the military equipment policy.

C. Internal Audits

UCB, UCD, UCI, UCLA, UCM, UCR, UCSD, UCSF, UCSB, and UCSC conducted audits of their military equipment and there were no violations of the policy found.

D. Total Costs and Funding Source – Fiscal Year 2023-2024

- UCD purchased unmanned remotely piloted powered aerial or ground vehicles initial program at a cost of \$45,000 from the department's budgeted general funds.
- UCI purchased (4) Def-Tec MK-9 Pepper Spray (OC) Canisters to replace the (6) expired canisters for \$86.20 from the department's annual budget.
- UCLA purchased (150) Def-Tec eXact Impact 40mm munitions for \$4,950 from the department's annual budget.
- UCR purchased (60) rounds of Def-Tec 40mm eXact Impact Munition Model #6325 for \$1,320 from the department's annual budget.
- UCSD purchased (5,000) rounds of 5.56 patrol rifle ammunition at a cost of \$2,994.50 from the department's annual budget.
- UCSF purchased (10) Colt model 6920-EPR Rifles and (10) LMT 40mm Launchers at a cost of \$24,812.22 from the department's annual budget.
- UCB, UCM, UCSB and UCSC did not purchase any new military equipment during this fiscal year.

Legend	
Black Ink	Current Inventory
Red Ink	Request for approval for new equipment
Blue Ink	Requests to add additional equipment to existing inventory

F. Request for New Military Equipment

Request For Category 1 - Unmanned, Remotely Piloted, Powered Aerial or Ground Vehicles—The Use of Drones by University of California Police Departments

- (a) UCB is requesting to purchase a second hazardous devices robot to update their current technology and prepare for any potential failures of the existing robot that is 20 years old.
- (b) UCB, UCLA, UCSC and UCSF, collectively UCPD are requesting to purchase drones. In 2023, UCD and UCSC were approved to purchase this equipment to research its use under existing UC guidelines. UCD purchased two and UCSC did not make any purchases. UCD did not operate the equipment during the year.

Request For Category 10 – Specialized firearms and ammunition of less than .50 caliber, including assault weapons or greater, excluding standard-issue shotguns and standard-issue shotgun ammunition

Under the current law enacted by AB481 (Government Code Section 7070(c)(10)), law enforcement agencies are required to *include “Specialized firearms and ammunition of less than .50 caliber, including assault weapons as defined in Sections 30510 and 30515 of the Penal Code, with the exception of standard issue service weapons and ammunition of less than .50 caliber that are issued to officers, agents, or employees of a law enforcement agency or a state agency.”*

Assembly Bill 1486 (AB1486) has stalled in the legislative process. One of the proposed changes is to GC 7070(c)(10). The proposed change would require law enforcement agencies to include in their military equipment policies specialized firearms and ammunition of less than .50 caliber, including assault weapons as defined in Sections 30510 and 30515 of the Penal Code, with the exception of standard issue service weapons and ammunition of less than .50 caliber that are issued to officers, agents, or employees of a law enforcement agency or a state agency.

As used in this paragraph, a “standard issue service weapon” means a firearm, other than an assault weapon defined in Sections 30510 and 30515 of the Penal Code, that is of the type normally issued to, carried, or transported by a peace officer in the course of routine patrol activities.

This change, if this legislation is approved, would require law enforcement agencies to add their patrol rifles and ammunition to the list of military equipment, even if they are considered a “standard issue service weapon.”

In 2023, UCPD identified to the Regents and included in their military equipment policy its patrol rifles and ammunition. The following items are additions to the previously reported inventory.

RIFLES

Type: Colt model 6721 M4 Carbine Rifle

Quantity: 1 - UCSF

Cost: Approximately \$1,500 each (Annual maintenance is estimated to be \$100)

Lifespan: Barrel life rated to approximately 15,000 rounds (5-10 years).

Manufacturer Description: The Colt AR-15 Tactical Carbine is an exceptional patrol rifle with tactical accuracy chosen by many federal, state, and local agencies. The 16.1” heavy barrel with a 1:9” rifling twist allows flexibility in ammunition selection from 45 grains all the way up to 69 grains. The telescopic M4 stock adjusts to four positions to enhance mobility and fit to a wider range of operators.

Type: Colt model 6920 Tactical Carbine Rifle

Quantity: 10 – UCSF

Cost: Approximately \$1,500 each (Annual maintenance is estimated to be \$100)

Lifespan: Barrel life rated to approximately 15,000 rounds (5-10 years).

Manufacturer Description: This specially designed law enforcement weapon system features many of the combat proven advantages of the military Colt M4. With the 4-position buttstock fully retracted, the Colt Law Enforcement Carbine is less than 32” length and weighs only 6.9 lbs - ideal for tactical deployment and traditional patrol.

Type: Colt M4 Carbine short barrel AR-15 style rifle, 10.5” barrel

Quantity: 1 – UCSD

Cost: Donated by a former police officer.

Purpose: The M4 Carbine AR-15 Style .223/5.56- is a lightweight, shoulder-fired, magazine-fed, gas- operated, rifle with a long spirally grooved barrel intended to make a bullet spin and thereby have greater accuracy over a long distance with greater ballistic capabilities than a pistol. Modular accessories aiding in the operation and use include an Aimpoint Red Dot sights optic and a Streamlight TLR-1 light mounted on each rifle.

Rifle Description: Shoulder-fired firearms, with rifling cut into its barrel, intended to cause projectiles to spin, improving accuracy over a long distance.

Use: The rifle is a precision weapon used to address a threat, while out in the field on patrol, with more accuracy at greater distances than a handgun. These rifles are currently deployed in each of the five patrol vehicles for use in patrol. Two are in the department armory.

Training: All UCSD PD officers are allowed to deploy the rifle in the field. Prior to deploying a rifle, members must complete a POST certified course in the operation of the rifle. Additionally, all members are required to pass a quarterly department range qualification course. All officers must qualify with the traditional iron sights and the Aimpoint Red Dot sights optic quarterly.

Request For Category 11 – Noise-Flash Diversionary Devices and Explosive Breaching Tools

UCB is requesting to purchase a Kinetic Breaching Tool to aid in the event of a barricaded subject or unresponsive individual due to a medical issue.

Requests For Category 14 – Kinetic Energy Weapons and Munitions

UCLA is requesting to increase Def-Tec 40mm eXact iMPact Munition (Model #6325) by (300) rounds.

Type: Def-Tec 40mm eXact iMPact Munition Model #6325

Purpose: 40mm ammunition used in conjunction with 40mm launchers may be deployed to impact subjects who demonstrate assaultive or life-threatening behavior. 40mm ammunition used in conjunction with 40mm launchers may also be used to control an actively resistive subject reasonably believed to possess or have immediate access to a deadly weapon within the force guidelines of Department policy. The main objectives that officers attempt to achieve in using a 40mm on a subject exhibiting any of the criteria mentioned above are to effect investigative detention or arrest; control a subject who is in lawful custody; prevent an escape; or protect the officer, the subject, or another person from injury or death.

Manufacturer Description: The eXact iMPact 40mm Sponge Round is a point-of-aim, point-of-iMPact direct-fire round. This lightweight, high-speed projectile consisting of a plastic body and sponge nose that is spin-stabilized via the incorporated rifling collar and the 40mm launchers rifled barrel. The round utilizes smokeless powder as the propellant and, therefore, has velocities that are extremely consistent. Used for crowd control, patrol, and tactical applications.

Training: Officers who have completed a POST certified grenadier course are authorized to carry and use the Def-Tec 40mm Launcher.

UCM is requesting additional launchers and munitions as indicated below:

To increase the number of 40mm less-lethal launchers available to officers in the field as a less-lethal alternative when dealing with violent individuals that pose a threat to the public and officers.

Quantity: (5) Def-Tec 40mm launchers; (100) Model #6324 eXact iMPact™ 40mm Sponge Round

Cost: Approximate Total Cost: \$6,890

Purpose: 40mm launchers with less-lethal sponge rounds may be deployed to impact subjects who demonstrate assaultive or life-threatening behavior. 40mm launchers utilized with less-lethal sponge rounds may also be used to control an actively resistive subject reasonably believed to possess or have immediate access to a deadly weapon. The main objectives that officers attempt to achieve in using a 40mm sponge round on a subject

exhibiting any of the criteria mentioned above are to effect investigative detention or arrest; control a subject who is in lawful custody; prevent an escape; or protect the officer, the subject, or another person from injury or death.

Legal: Use of Force Policy, Crowd and Demonstration Management Policy, and Control Devices and Techniques Policy, First Amendment Assemblies Policy. The department shall only utilize this equipment for official law enforcement purposes and pursuant to State and Federal Law and applicable department policy. **Training:** Officers that have been trained in the use of the 40mm single launcher undergo thorough classroom and live-fire training in its use. Additionally, officers trained in using the 40mm single launcher must pass annual qualifications to maintain proficiency.

Training: Officers that have been trained in the use of the 40mm single launcher undergo thorough classroom and live-fire training in its use. Additionally, officers trained in using the 40mm single launcher must pass annual qualifications to maintain proficiency.

UCSF is requesting to purchase additional launchers as indicated below:

Type: LMT 40mm Launcher (Model 1460R)

Quantity: 10

Cost: Approximately \$1,300 (Annual costs are less than \$50 per unit)

Lifespan: No lifespan indicated by the manufacturer. Lifespan varies on operational usage and wear.

Capability: 40mm launchers can fire various munitions with a maximum effective range of one hundred twenty (120) feet. 40mm launchers can deliver 40mm munitions in the form of chemical agents, sponge baton rounds, or combined use sponge baton OC chemical agent rounds.

Manufacturer Description: (Model #1426/40LMTS) The 40LMTS is a tactical 40mm single shot launcher that features a folding stock and an adjustable Integrated Front Grip (IFG) with a light rail. The Ambidextrous Lateral Sling Mount (LSM) and QD mounting systems allow both a single and two point sling attachment. The 40LMTS will fire standard 40mm Less Lethal ammunition, up to 4.8 inches in cartridge length. This weapon is NOT designed to fire 40mm High Velocity HE ammunition. The Picatinny Rail Mounting System will accept a wide array of enhanced optics/sighting systems. Model 1460R has a 14" orange barrel.

UCLA is requesting to purchase additional launchers as indicated below:

Type: PepperBall VK-SBL

Quantity: 4

Cost: Approximately \$1,481

Lifespan: No lifespan indicated by the manufacturer. Lifespan varies on operational usage and wear.

Capability: Can fire munitions with a maximum effective range of one hundred fifty (150) feet.

Manufacturer Description: The VK-SBL offers all the features of the VKS PRO™ in a lighter and smaller form factor. Able to deploy both .68 caliber round or long-range VXR™ projectiles, the VK-SBL has a shorter barrel, a 7-inch handguard, and a reflex sight. The VK-SBL easily adapts to different roles and situations, from routine patrols to specialized operations, while maintaining accuracy and control.
