

Attachment 1

Proposed Schedule of Student Charges

Undergraduate Students

- For undergraduate students in State-supported programs who first enroll at a UC campus in 2022-23 or later, the applicable levels of Tuition, the Student Services Fee, and Nonresident Supplemental Tuition charged to students will be determined according to the following schedule:

Year Student First Enrolls at UC (Entering Cohort)	Increase Over Amount Charged to Students Who Entered in Prior Year
2022-23	Inflation + 2.0%
2023-24	Inflation + 1.5%
2024-25	Inflation + 1.0%
2025-26	Inflation + 0.5%
2026-27 and later	Inflation

- The applicable charge for a student in an entering cohort shown above will remain in effect for six years from the time the student first enrolls.
- The President is authorized to develop appropriate policies and guidelines for implementing this schedule of charges, including but not limited to (a) policies and processes for determining a student's cohort; (b) circumstances in which a student may be permitted to remain enrolled beyond six years with no change in charges; and (c) the applicable level of charges for students in special programs or having special circumstances—e.g., students enrolled in off-campus programs (such as the Education Abroad Program) or Summer Session, visiting students, and students who remain enrolled beyond six years who do not qualify for an extension of their cohort rate as described in (b)—provided that the amounts charged do not exceed the amounts charged to the then-current entering cohort of students.

Graduate Students

- For graduate students in State-supported programs, Tuition and the Student Services Fee will be kept flat in constant dollars at 2021-22 levels, such that any changes to those charges will be pegged to changes in the California Consumer Price Index.

General Provisions

- For purposes of this schedule, the applicable rate of inflation will be based on annual changes in the California Consumer Price Index (CPI-U) based upon the most recent forecast provided by the California Department of Finance as of the fall preceding the year indicated, adjusted to reflect any differences between prior year actual and forecasted levels.
- An amount equivalent to 33 percent of the undergraduate tuition and Student Services Fee increase, 10 percent of the undergraduate Nonresident Supplemental Tuition increase, 50 percent of the graduate academic student tuition and Student Services Fee increase, and 33 percent of the graduate professional student tuition and Student Services Fee increase will be set aside for financial aid.
- Notwithstanding the levels of student charges described above, the Regents retain the ability to modify all student charges as needed if required based on the University's financial circumstances.
