ATTACHMENT 2

Assembly Bill 481 (AB 481)

Prepared by:

UC COUNCIL OF CHIEFS OF POLICE

NOVEMBER 2026

UC POLICE DEPARTMENT ANNUAL REPORT 2026 OF AB 481 EQUIPMENT

University of California Police Department Policy "Military Equipment" requires an annual report to be submitted to the Regents and posted on the police department website for as long as the equipment is in use.

Annual Report

Upon approval of a military equipment policy, the Chief of Police or the authorized designee should submit a military equipment report to the governing body of each type of military equipment approved within one year of approval and annually thereafter for as long as the military equipment is available for use (Government Code § 7072).

The Chief of Police or the authorized designee should also make each annual military equipment report publicly available on the Department website for as long as the military equipment is available for use. The report shall include all information required for the preceding calendar year for each type of military equipment in the Department inventory (Government Code § 7072).

The annual military equipment report shall, at a minimum, include the following information for the immediately preceding calendar year for each type of military equipment:

(a) *A summary of how the military equipment was used and the purpose of its use.*

(b) *A summary of any complaints or concerns received concerning military equipment.*

(c) *The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response.*

(d) *The total annual cost of each type of military equipment, including acquisition, personnel training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.*

(e) *The quantity possessed for each type of military equipment.*

(f) *If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.*

A. How Used and Purpose of Use

All campuses train annually on their equipment which requires the use of ammunition where applicable. The following campuses deployed equipment in a non-training setting:

UC Davis: There were 28 deployments of the drone.

UC Riverside: The FN Herstal 303 was deployed and available for use during mutual aid at UC Berkeley in November 2025 but was not fired.

B. Complaints or Concerns

All campuses reported no complaints or concerns related to military equipment.

C. Internal Audits

All campuses conducted audits of their military equipment and there were no violations of the policy found.

(Continued on next page)

D. Total Costs and Funding Source – Fiscal Year 2025-2026

The chart below details purchases and maintenance cost by campuses. Campus abbreviations: UCB Berkeley; UCD Davis; UCI Irvine; UCLA Los Angeles; UCM Merced; UCR Riverside; UCSD San Diego; UCSF San Francisco; UCSB Santa Barbara; UCSC Santa Cruz.

The chart below details purchases and maintenance cost by campuses.

Campus	Purchased	Amount
UCB	Two Axon/Skydio X10 unmanned aircraft systems; Winchester .223 ammunition; Hornady 80625 ammunition	$51,247
UCD	Skydio X10 UAS expense and annual maintenance of equipment	$44,857
UCI	PepperBall less-lethal equipment and LRAD	$43,650
UCLA	120 Def-Tec 40mm eXact Impact Model 6325 munitions; three Skydio X10 UAS including docks	$25,131
UCM	Federal American Eagle .223 Remington ammunition (250 boxes)	$3,610
UCR	60 Def-Tec 40mm eXact Impact Model 6325 munitions	$1,320
UCSB	100 Def-Tec 40mm eXact Impact Model 6325 munitions; six Def-Tec/LMT 40mm launchers, Model 1425	$11,712
UCSC	Annual maintenance	$24,300
UCSD	2,000 Speer Gold Dot .223 duty rounds; 11,000 Federal .223 training rounds; two Skydio systems under contract (no FY 2025–2026 payment; first payment of $99,300 scheduled for FY 2026–2027)	$6,397
UCSF	10 Colt Model 6920-EPR rifles and 10 LMT 40mm launchers; replacement 40mm munitions and 10 distraction devices	$24,812

(Continued on next page)

E. Quantity

The tables below show quantities currently possessed. Items awaiting delivery are shown separately and are not included in quantities possessed. Campus abbreviations: UCB Berkeley; UCD Davis; UCI Irvine; UCLA Los Angeles; UCM Merced; UCR Riverside; UCSD San Diego; UCSF San Francisco; UCSB Santa Barbara; UCSC Santa Cruz.

Category 1 Unmanned aerial and ground vehicles

Campus	Manufacturer / model or item	Quantity
UCB	Remotec Andros F6A Robot	1
UCD	Skydio X10 UAS (drone)	3
UCLA	Skydio X10 UAS (drone)	3
UCSF	Skydio X10 UAS (drone)	3

Category 10 Specialized firearms and ammunition under .50 caliber

Campus	Manufacturer / model or item	Quantity
UCB	Colt M4 Model (LE6933)	12
UCB	Hornady #80625 .223 Remington	2,000
UCB	Sig Sauer M400	12
UCB	Winchester Ammo (Remmington .223)	3,000
UCD	Colt M4 Model (LE6933)	20
UCD	Winchester.556 Rifle Rounds (Range 55 grain Full Metal Jacket)	18,500
UCI	Sig-Sauer MCX 5.56 Short Barrel Rifle (SBR) Patrol Rifle	20
UCI	Winchester.556 Rifle Rounds (Duty 64 grain bonded Hollow Point)	4,000
UCI	Winchester.556 Rifle Rounds (Range 55 grain Full Metal Jacket)	11,000
UCLA	Colt Enhanced Patrol Rifle EPR (16")	22
UCLA	Winchester Ammo (Remmington .223) Frangible	19,850
UCLA	Winchester.556 Rifle Rounds (Range 55 grain Full Metal Jacket)	22,300
UCM	Colt Carbine (LE 6920)	15
UCM	Colt Carbine (LE 6940)	5
UCM	Federal American Eagle .223 Ammunition (Training)	5,000
UCM	Hornady 5.56 TAP Rifle Rounds 75gr HP	7,600
UCR	Colt Carbine (LE 6920)	10
UCR	Colt M4 Carbine 5.56 Patrol Rifle	7
UCR	Winchester.556 Rifle Rounds (Duty 64 grain bonded Hollow Point)	3,000
UCR	Winchester.556 Rifle Rounds (Range 55 grain Full Metal Jacket)	12,000
UCSD	Colt M4 Carbine 5.56 Patrol Rifle	1
UCSD	LMT AR 5.56 Patrol Rifle	10
UCSD	Ruger AR 5.56 Patrol Rifle (Model 08500)	50
UCSD	Winchester.556 Rifle Rounds (Duty 64 grain bonded Hollow Point)	5,020
UCSF	Colt Carbine (LE 6721)	48
UCSF	Colt Carbine (LE 6920)	5
UCSF	Colt Carbine (LE 6943)	5
UCSF	Colt Enhanced Patrol Rifle EPR (16")	10

Campus	Manufacturer / model or item	Quantity
UCSF	Winchester Ammo (Remmington .223) (Duty 64 grain bonded Hollow Point)	51,000
UCSF	Winchester Ammo (Remmington .223) (Range 55 grain Full Metal Jacket)	42,000
UCSB	Colt Carbine (LE 6920)	5
UCSB	Colt Carbine (LE 6940)	7
UCSB	Colt Enhanced Patrol Rifle (EPR) II	12
UCSB	Federal American Eagle .223 Ammunition (Training)	18,500
UCSB	Sig Sauer M400	12
UCSB	Speer Gold Dot .223 Ammunition (Duty)	5,500
UCSC	Colt M4 Carbine 5.56 Patrol Rifle	23
UCSC	Winchester.556 Rifle Rounds (Duty 64 grain bonded Hollow Point)	4,000
UCSC	Winchester.556 Rifle Rounds (Range 55 grain Full Metal Jacket)	9,000
UCSC	Windham AR-15 .223, WW-15 (simmunition training only)	2

Category 12 Flashbangs, explosive breaching tools, tear gas, and pepper balls

Campus	Manufacturer / model or item	Quantity
UCB	Def-Tec MK-9 Pepper Spray (OC) Canisters, Model #5099	8
UCB	FN Herstal 303-5 18mm Rounds (PAVA/OC)	300
UCI	Def-Tec MK-9 Pepper Spray (OC) Canisters, Model #5099	6
UCI	FN Herstal 303-5 18mm Rounds (PAVA/OC)	150
UCI	PepperBall VK-SBL launcher	5
UCI	PepperBall VXR Live-X (Pava Powder)	1,000
UCI	PepperBall VXR Marking (Paint)	500
UCLA	FTC PAVA Capsaicin Rounds	1,875
UCLA	FTC Pepper ball FTC Launcher	4
UCLA	Pepperball VXR Live-X (Pava Powder)	1,000
UCSD	Def-Tec 40mm Direct Impact Munition Model #6320 (OC)	5
UCSD	Def-Tec 40mm Direct Impact Munition Model #6322 (CS)	5
UCSD	FN Herstal 303-5 18mm Rounds (PAVA/OC)	105
UCSD	FTC PAVA Capsaicin Rounds	750
UCSD	FTC Pepper ball Rifle	2
UCSF	Def-Tec 40mm Direct Impact Munition Model #6320 (OC)	4
UCSF	Def-Tec 40mm Direct Impact Munition Model #6322 (CS)	18
UCSF	Def-Tec Multi-port Plus II Distraction Device Model #8922	10
UCSF	FN Herstal 303-5 18mm Rounds (PAVA/OC)	1,350

Category 13 Area-denial devices and acoustic devices

Campus	Manufacturer / model or item	Quantity
UCB	Long Range Acoustic Device (LRAD)	1
UCD	Long Range Acoustic Device (LRAD)	1
UCI	Long Range Acoustic Device (LRAD)	2
UCLA	Long Range Acoustic Device (LRAD)	2
UCM	Long Range Acoustic Device (LRAD)	1
UCR	Long Range Acoustic Device (LRAD)	1
UCSD	Long Range Acoustic Device (LRAD)	1
UCSF	Long Range Acoustic Device (LRAD)	1
UCSB	Long Range Acoustic Device (LRAD)	1
UCSC	Long Range Acoustic Device (LRAD)	1

Category 14 Projectile launch platforms and associated munitions

Campus	Manufacturer / model or item	Quantity
UCB	CTS 4557 40mm Sponge Round Spin Stabilized Direct Impact	200
UCB	CTS 4557-01 Inserts 40mm Sponge Reload	600
UCB	FN Herstal 303 Launcher	4
UCB	FN Herstal 303-3 18mm Rounds (Washable Paint)	150
UCB	Penn Arms 40mm L140-3 Launcher	13
UCB	Penn Arms 40mm L640-3 Launcher	2
UCD	Def-Tec 40mm eXact Impact Munition Model #6325	101
UCD	Def-Tec/LMT 40mm Launcher (Models #1327, # 1425, 1426)	5
UCD	FN Herstal 303 Launcher	1
UCD	FN Herstal 303-3 18mm Rounds (Washable Paint)	135
UCI	Def-Tec 40mm eXact Impact Munition Model #6325	200
UCI	Def-Tec/LMT 40mm Launcher (Models #1327, # 1425, 1426)	18
UCI	FN Herstal 303 Launcher	1
UCLA	Def-Tec 40mm eXact Impact Munition Model #6325	242
UCLA	Def-Tec/LMT 40mm Launcher (Models #1327, # 1425, 1426, 1460R)	18
UCLA	FN Herstal 303 Launcher	1
UCLA	PepperBall VK-SBL Launcher	2
UCM	Def-Tec 40mm eXact Impact Munition Model #6325	100
UCM	Def-Tec 40mm Training Munition	200
UCM	Def-Tec/LMT 40mm Launcher (Models #1327, # 1425, 1426, 1460R)	6
UCM	FN Herstal 303 Launcher	1
UCR	Def-Tec 40mm eXact Impact Munition Model #6325	80
UCR	Def-Tec/LMT 40mm Launcher Model #1425	7
UCR	FN Herstal 303 Launcher	5
UCR	FN Herstal 303-3 18mm Rounds (Washable Paint)	200
UCSD	Def-Tec 40mm eXact Impact Munition Model #6325	94
UCSD	Def-Tec/LMT 40mm Launcher (Models #1327, # 1425, 1426, 1460R)	12
UCSD	FN Herstal 303 Launcher	1
UCSD	FN Herstal 303-3 18mm Rounds (Washable Paint)	105
UCSF	Def-Tec 40mm Bean Bag Round Model #6025	22

Campus	Manufacturer / model or item	Quantity
UCSF	Def-Tec 40mm eXact Impact Munition Model #6325	172
UCSF	Def-Tec/LMT 40mm Launcher Model #1460R	10
UCSF	FN Herstal 303 Launcher	4
UCSF	FN Herstal 303-3 18mm Rounds (Washable Paint)	1,350
UCSB	Def-Tec 40mm eXact Impact Munition Model #6325	189
UCSB	Def-Tec 40mm Training Munition	25
UCSB	Def-Tec/LMT 40mm Launcher (Models #1327, # 1425, 1426, 1460R)	13
UCSB	FN Herstal 303 Launcher	1
UCSC	Def-Tec 40mm eXact Impact Munition Model #6325	96
UCSC	Def-Tec/LMT 40mm Launcher (Models #1327, # 1425, 1426, 1460R)	11
UCSC	FN Herstal 303 Launcher	1
UCSC	FN Herstal 303-3 18mm Rounds (Washable Paint)	200

Pending delivery

UCB and UCSD were approved to purchase the system shown below; delivery is pending. These quantities are not included in the inventory possessed above.

Item	Campus and quantity	Status
Skydio X10 UAS (drone)	UCB 2; UCSD 2	Purchased; awaiting delivery. Not included in current inventory or new requests.

F. Request for New Equipment

The following campuses are not requesting new equipment: UCD, UCI, UCSF, and UCSC. The remaining campus requests are grouped by equipment category.

Request For Category 1 - Unmanned, Remotely Piloted, Powered Aerial Or Ground Vehicles

UCB continues to research robot platforms from the 2024 request.

UCLA PD requests to increase the authorized number of Skydio X10 Unmanned Aircraft Systems (UAS) (drones) from three (3) to five (5). Expanding to five UAS will enable UCLA PD to reach over 95% of all priority police, fire, and EMS calls based on historical call data. Five UAS will also enable UCLA PD to maintain continuous coverage of a critical incident when taking into consideration the battery life of one UAS. In addition, the five UAS will be used in direct support of the 2028 Olympic and Paralympic Games to assist with protection of the Athletes Village while maintaining the ability to utilize UAS for non-LA28 public safety needs.

UCLA PD requests to acquire up to four (4) additional UAS for training purposes only. The make/model of training UAS has not yet been determined. These UAS would not be used for public safety purposes other than to allow authorized UAS pilots to meet ongoing training requirements without putting unnecessary wear-and tear on the Skydio X10 UAS. Cost per training UAS is not expected to exceed $1,000.

UCR requests to purchase two (2) Skydio X10 VT3000-Z (drones) to assist with patrol operations and special event safety.

UCSC has not secured funding for the previously approved UAS request.

Request for Category 5 - Command and control vehicles

UCOP has received $2,050,000 in federal funding for the purchase of four mobile command vehicles that will be utilized to support the 2028 Olympic and Paralympic Games to assist with protection of the Athletes Village. The vehicles will remain with UCPD following the Olympic Games for use throughout the system.

Request For Category 10 – Specialized firearms and ammunition of less than .50 caliber, including assault weapons or greater, excluding standard-issue shotguns and standard-issue shotgun ammunition

Type: Colt Enhanced Patrol Rifle (EPR) II

Quantity: 12 - UCSB

Cost: Approximately $1,800 each (Annual maintenance is estimated to be $100)

Lifespan: Barrel life rated to approximately 15,000 rounds (5-10 years).

Purpose: To outfit current administrative vehicles driven by sworn personnel with AR-15 pattern rifles (secured in lockable lock boxes) for the need to respond to calls for service in the field where a rifle may be needed where they currently do not have the capability/equipment readily available to them.

Rifle Description: Shoulder-fired firearms, with rifling cut into its barrel, intended to cause projectiles to spin, improving accuracy over a long distance.

Use: The rifle is a precision weapon used to address a threat, while out in the field on patrol, with more accuracy at greater distances than a handgun. These rifles are currently deployed in each of the 12 patrol vehicles for use on patrol. Outfitting additional on-duty sworn personnel will assist to respond to violent threats where the use of a rifle may be needed, such as an active shooter.

Training: All UCSB PD officers are allowed to deploy the rifle in the field. Prior to deploying a rifle, members must complete a POST certified course in the operation of the rifle. Additionally, all members are required to pass a yearly department range qualification course.

(Continued on next page)

AMMUNITION

Type: 5.56 Winchester

Quantity: 11,000 – UCSD

Lifespan: 2 years

Capability: Duty ammunition used in the MCX short barrel rifle. Can penetrate soft body armor. Provides a stable trajectory over longer distances than a handgun.

Manufacturer Description: Designed specifically for delivering exceptional penetration, Ranger Bonded proprietary core/jacket bonding process is enhanced with a special hollow cavity that aids in controlled expansion.

Purpose: In general, firearms and their corresponding ammunition are used to defend against an imminent threat of death, serious bodily injury or to apprehend a violent fleeing felon. The Department uses Winchester Ranger ammunition as a duty round which has controlled expansion, reducing the chance of overpenetration. For training purposes, the Department uses Winchester White Box USA ammunition, which is a lower-cost ammunition where controlled expansion is not a concern since it is being used as range (training) ammunition.

Legal: Officers are required to complete a POST-certified 16-hour course that meets the requirements of Penal Code section 33220(b) - the possession of short-barreled rifles and short-barreled shotguns by peace officer members of a police department, sheriff's office, marshal's office, the California Highway Patrol, the Department of Justice, or the Department of Corrections and Rehabilitation, when on duty and the use is authorized by the agency and is within the course and scope of their duties, and the officers have completed a training course in the use of these weapons certified by the Commission on Peace Officer Standards and Training.

Training: After completing a 16-hour short-barreled rifle course, officers quality twice a year firing approximately 300 rounds total.

Requests For Category 12 – Munitions Containing Tear Gas or OC Excluding Standard Service Issued Hand-Held Pepper Spray

UCLA PD requests to increase the authorized number of PepperBall Live-X PAVA projectiles from 3,000 to 4,000. Going forward, UCLA PD will specify two different types of PepperBall Live-X PAVA projectiles: PepperBall Live-X PAVA (round ball) projectile (2,000 currently authorized) and PepperBall VXR Live-X PAVA projectile (1,000 currently authorized; 1,000 additional requested for a total of 2,000). This additional inventory will provide munitions for additional launchers that were previously approved but not yet purchased, as well as flexibility to resupply used and/or expired inventory since round ball and VXR munitions are only available in packages of 375 and 50, respectively.

UCLA PD requests to increase the authorized number of PepperBall Inert projectiles from 0 to 750 and the authorized number of PepperBall VXR Inert projectiles from 0 to 200. This inventory will provide munitions for situations in which PAVA exposure is not desired such as in enclosed spaces or sensitive locations, as well as flexibility to resupply used and/or expired inventory since round ball and VXR munitions are only available in packages of 375 and 50, respectively.

Requests For Category 14 – Kinetic Energy Weapons And Munitions

UCLA PD requests to increase the authorized number of Def-Tec 40mm eXact Impact munitions (Model #6325) from 300 to 350. This additional inventory will provide munitions for additional launchers that were previously approved but not yet purchased.

All additional equipment is necessary to support the department's growth and expansion due to UCLA's acquisition/construction of additional University-owned housing, medical, and administrative properties, as well as in preparation for the 2028 Olympic and Paralympic Games.

UCM PD requests 200 Direct iMpact^{TM} 40mm reloadable 50-shot training kits. These reloadable training kits allow officers to practice loading, sighting, trigger pull and range at a fraction of the cost of tactical rounds.

Removal Of Inventory

UCSB removed the following previously reported items from its inventory:

Item	Model	Quantity	Method of Disposal
Def-Tech/LMT 40mm Launcher	1325	6	In the process of being transferred to Allan Hancock Police Academy
Def-Tech/LMT 40mm Launcher	1325	2	Sent to UCLA for destruction during firearms/evidence destruction day, February 2026
